

CALL FOR NOMINATIONS!

Deadline 15 March 2007

60th Anniversary Award

This one-time award will recognize an individual or individuals who have been responsible for one of the most fundamental and important computer science and engineering contributions over the past century. This award will provide high visibility recognition to the technical areas covered by the IEEE Computer Society.

Consideration will be given to the following criteria:

- ▶ **originality of contribution;**
- ▶ **significance of achievement;**
- ▶ **impact on computer science and engineering; and**
- ▶ **impact on society.**

**\$20,000
HONORARIUM!**

Eligibility is open to any living individual, or two living individuals, who have made a key contribution in the computer science and engineering fields. The recipient(s) of this award will share a \$20,000 honorarium. Each recipient will receive a crystal model. Travel expenses may be provided, if necessary, for the recipient(s) and companion to the presentation site.

AWARD SELECTION COMMITTEE

C. V. Ramamoorthy, Honorary Chair
