

The Technology Trends You Need— When You Need Them We Deliver!

Introducing *my* Computer

The customized information revolution is in your hands. That's right, you simply choose three subject areas from 30 of today's hottest technology trends. We do the rest.

Each month we'll search through our 13 leading-edge publications and 200 conferences to deliver to your inbox the top on-trend, peer-reviewed articles and papers in your chosen subject areas. With myComputer you get to select 24 of these articles or papers per year. Plus you also receive the digital edition of *Computer* magazine.

Go to mycomputer.computer.org. You'll agree. myComputer is a technology professional's best friend.
