Subscribe to IEEE Computer Graphics and Applications

Here's how you can become a charter subscriber to IEEE Computer Graphics and Applications:

1. If you are already an IEEE Computer Society member, you can add IEEE Computer Graphics and Applications to your basic membership as a publication option. (If you are not a member yet, now is the time to join.) Details on reverse of this page.

2. Subscribe as a nonmember. Libraries or corporations — or individuals who do not otherwise qualify for membership in the Computer Society — may write for subscription information to:

   IEEE Computer Society
   10662 Los Vaqueros Circle
   Los Alamitos, CA 90720

3. Join the National Computer Graphics Association. IEEE Computer Graphics and Applications is the basic membership publication for NCGA. Write to:

   NCGA
   2033 M Street NW
   Ste. 330
   Washington, DC 20036

Whatever you do, act now. Our supplies of this charter issue are limited.
The Unbeatable Package

IEEE Computer Graphics and Applications — the only professional-level magazine devoted to designers and users of computer graphics hardware, software, and systems. Comes as an option with Computer Society membership.

COMPUTER — the readable professional journal that covers the spectrum of computer system design and application. Comes automatically with membership in the Computer Society.

See application on facing page.

Special offer to new members.
Join the Computer Society now and receive a FREE copy of either of the following:

Microprocessors and Microcomputers (Second Edition) — selected papers from COMPUTER, organized and introduced by the technical editor. Sections on architecture, software, and applications include the standard specification for S-100 bus interface devices and special articles on modular programming in PL/M, microprocessor networks, and microprocessors in automation and communications. (298 pp.)
Regular nonmember price: $12

Selected Reprints in Software — selected papers from COMPUTER, organized and introduced by Marvin V. Zelkowitz. Sections cover programming languages, software creation, data bases, and applications. Includes more than 25 of the best articles from COMPUTER on the subject. (282 pp.)
Regular nonmember price: $12

Note: To receive your free book you must mail your complete application with correct remittance to the IEEE Computer Society, 10662 Los Vaqueros Circle, Los Alamitos, CA 90720.

schedule of fees

If you are not yet a Computer Society member:

- I am an IEEE member who wishes to join the Computer Society. Enclosed is my $8.00 $4.00
- I am a non-IEEE member who wishes to join both the IEEE and the Computer Society. Enclosed is my $73.00 $41.50
- I am a non-IEEE member who wishes to join the Computer Society only. Enclosed is my $28.00 $14.00
- In addition to my automatic subscription to COMPUTER, I also want to subscribe to IEEE Computer Graphics and Applications (3061). Enclosed is my $8.00 $4.00

If you are already a Computer Society member:

- I am already a Computer Society member and wish to subscribe to IEEE Computer Graphics and Applications (3061). Enclosed is my $8.00 $4.00

Total amount remitted with this application:
(Make checks or money orders payable to IEEE. Mail to the IEEE Computer Society, 10662 Los Vaqueros Circle, Los Alamitos, CA 90720.)

*IEEE members in Region 7 (Canada) and 8 (Western Europe and the Mid-East) may deduct $5 from full-year rates, $2.50 from half-year rates. IEEE members in Regions 9 and 10 may deduct $12 from full-year rates, $6 from half-year rates. ACM members who join both the IEEE and the Computer Society may deduct $5 from full-year rates, $2.50 from half-year rates. ACM discount does not apply to affiliate membership, which is already discounted.

Hardcopy bulk air option for members in Regions 8-10: Western Europe, Latin America (including Mexico), and the Far East.

Add the following amount(s) for two-week delivery for COMPUTER and Computer Graphics and Applications:

<table>

"Western Europe" includes Albania, Austria, Belgium, Bulgaria, Cyprus, Czechoslovakia, Denmark, Finland, France, East Germany, West Germany, Gibraltar, Greece, Greenland, Holland, Hungary, Iceland, Ireland, Italy, Liechtenstein, Luxembourg, Malta, Monaco, Norway, Poland, Portugal (and Azores), Romania, Spain (and Canary Islands), Sweden, Switzerland, Turkey, United Kingdom, USSR, and Yugoslavia. "All other areas" includes all other countries outside the U.S., Canada, and Mexico.

WORK AND PLANT (Enter codes)

Plant
1. Large computers
2. Minicomputers
3. Microcomputers
4. Computer peripheral equipment
5. Data processing systems (system integration)
6. Office and business machines
7. Test, measurement, and instrumentation equipment
8. Communications systems and equipment
9. Navigation and guidance systems and equipment
10. Consumer entertainment electronic equipment
11. Consumer electronic appliances
12. Other consumer electronics
13. Industrial controls, systems, and equipment
14. Components and subassemblies
15. Materials and hardware
16. Aircraft, missiles, space and ground support equipment
17. Oceanography and support equipment
18. Medical electronics
19. Industrial companies within OEM incorporating electronics equipment in their end product, not elsewhere classified
20. Independent research, test, and design laboratory and consultant (only if you are not connected with a manufacturing company)
21. Government agency and military
22. Industrial companies using and/or incorporating any electronic products in their manufacturing, research, or development activities
23. Communication (radio, TV, police)
24. Transportation services (airline, railroads, etc.)
25. Computer and data processing services:
   a. Service bureaus, software services, timesharing, consulting
   b. All other commercial services
   c. Power generation equipment manufacture
   d. Power production (atomic, electrical, etc.)
   e. Power generation
   f. Power transmission
   g. Power distribution
   h. Utilities, except power (telephone, telegraph, pipelines, etc.)
32. Distributor
33. School, university, or library
34. Others (explain)

JOB FUNCTIONS (Enter code)

1. General and corporate management
2. Design and development engineering (circuits, components, equipment, systems)
3. Engineering services (evaluation, quality control, reliability standards, test)
4. Basic research
5. Manufacturing and production
6. Engineering support (draftsmen, lab assistant, technician)
7. Purchasing and procurement
8. Marketing, including sales
9. Computer systems/operations
10. Engineering systems planning and design (utilities)
11. Operations including construction and maintenance (utilities)
12. Dean, professor, instructor, etc.
13. Student
14. Other personnel (explain)

JOB CATEGORY (Enter code)

1. Management
2. Engineering
