Brilliance, Intelligence and Economy in One High Resolution Terminal.

RAISE YOUR GRAPHICS STANDARD!

Price/performance you couldn't get before in a high resolution raster terminal no matter how far up you climbed—it's yours in the Genisco G-1000.

The G-1000 high resolution (1024 x 792) desk top terminal offers extraordinary brilliance and contrast with full raster erasability, plus the intelligence of a Z-8001 microprocessor and 16K each of RAM and PROM. The price is less than $9,000 in OEM quantities.

What you get for your money is the industry's only true raster replacement for the Tektronix 4014-1 terminal (plug to plug and software compatible) and a no-end-in-sight expandable, fully programmable tool for CAD/CAM, plot previewing, mapping and many other present and future applications.

Expand your G-1000 capability with an optional alphanumeric overlay and memory to 512K bytes RAM and 32K PROM for distributed processing applications. Attach a graph tablet and/or one of several hard copy devices.

No matter how you look at it, it comes out on top.

Raise your graphics standard. Call or write for a G-1000 brochure to Genisco Computers Corporation, 3545 Cadillac Avenue, Costa Mesa, CA 92626, (714) 556-4916.
