You need *IEEE Computer Graphics and Applications* —

the professional-level magazine devoted to designers and users of computer graphics hardware, software, and systems. Focuses on computer graphics research, technology, and practical use.

**Expanded coverage in 1983:**

*IEEE CG&A* is gearing up for full monthly publication. Your first three issues this year—January, March, and May—will incorporate the product supplement launched last year. Then, starting in July, you'll receive monthly issues—with a full complement of feature articles and our regular departments—packed with solid, in-depth coverage of such topics as computer animation, display technology, computer graphics and video, business graphics, selecting and implementing turnkey CAD systems, engineering design stations, and much more.

**Here's how to subscribe:**

If you are a member of any IEEE society, you can add *IEEE Computer Graphics and Applications* to your basic membership. If you are not a member, now is the time to join. See application on next page. *CG&A* is also the official membership journal of the National Computer Graphics Association and comes automatically with NCGA membership.
