A lineage to be reckoned with.

Aydin introduces their Patriot™ fast scan monitors.

The 8835 (19-inch) and the 8815 (13-inch) Patriot™ fast scan color monitors are the latest additions to Aydin's successful Patriot Series. These monitors are made by Aydin, in the U.S.A.

Patriot fast scan monitors, with a range of 25 to 38KHz, feature electronic linearity correction, low power consumption, and high contrast glass for easy reading.

Ideal for high resolution (1280 x 1024) applications, the monitors are versatile enough to be used in a variety of configurations.

Test it, and see the quality for yourself!

For further information contact Aydin's Marketing Department for the name of your regional sales representative.
