ANNOUNCEMENT OF POSITION VACANCY

Ball State University
Muncie, Indiana

Position Title: Computer Graphics Laboratory Manager/Applications Programmer

Description: The College of Architecture and Planning is seeking outstanding candidates for a full-time, 12 month professional position as manager and programmer for a new computer graphics laboratory being established on the Ball State campus. The University is committed to establishing a center for excellence in computer graphics; this end a laboratory with a major investment in an Integraph CADD system with 14 color work stations, printers and plotters will be housed in the College of Architecture and Planning. Although available to the entire university community to support a broad range of computer graphics applications, there will be a major focus of instructional and research applications in architecture, landscape architecture and environmental planning.

The successful candidate will manage the laboratory, maintain and update the hardware and software, participate with the faculty in graphics applications research and the development of teaching programs, and participate in course and workshop instruction. A Master’s degree in computer science or equivalent in education and experience is required, with strengths in the operation of large CADD systems and appropriate programming experience. An undergraduate degree in architecture or related environmental design field is highly desirable. Salary is dependent upon qualifications of the candidate. Applicants should send letter of application, curriculum vitae, transcripts, and three letters of reference to Dean Robert A. Fischer, Ball State University, Muncie, Indiana 47306. Telephone: (317) 285-5898. Application deadline is August 10, 1984.
