CAD SYSTEMS DEVELOPMENT ENGINEER

with young, small company specializing in interactive graphical systems for engineering stress analysis, structural design, and architecture. Tasks include planning, design, programming, documentation, implementation, and maintenance of state-of-the-art systems; and supervision of other professionals involved in these tasks. Applicants must have: graduate degree (Ph.D. preferred) in structural engineering or engineering mechanics; background in both numerical methods and CAD system design; programming experience in 3D interactive vector-refresh and raster-color graphics. Salary range $39,000-$48,000 depending on qualifications and experience; full fringe benefits. Resume and references to INT 51, NYS Job Service, 677 S. Salina St., Syracuse, NY 13202. Refer Order No. NY 0000437.

SOFTWARE PROJECT ENGINEERS

Positions are available for Sr. Software Engineers to work as part of a small development team on new projects. Responsibilities will include:

- software development
- user interface design
- preparation of system and subsystems specifications
- verification/validation testing

Strong, recent experience should include image processing, graphics, UNIX* operating system, and “C” language.

COMPUTER SYSTEMS/SOFTWARE ENGINEERS

Primary responsibilities will be the implementation of a supermini-computer based system using the UNIX operating system with “C” language. Key responsibilities will include the following:

- computer systems design
- software development
- preparation of system specifications
- verification/validation testing

Three or more years in either UNIX internals; custom device drivers; networks (preferably Ethernet); UNIX system administration or data base management in a scientific environment.

Candidates should possess a B.S. degree or equivalent experience in electrical engineering, computer science, or a related field. An advanced degree is highly desirable.

We offer an excellent salary and benefits plan. Please send your resume including salary history, specifying which position you are applying for, to:
