The IEEE Computer Society is launching INTERFACE, a new communication tool to help members engage, collaborate and stay current on CS activities. Use INTERFACE to learn about member accomplishments and find out how your peers are changing the world with technology.

We're putting our professional section and student branch chapters in the spotlight, sharing their recent activities and giving leaders a window into how chapters around the globe meet member expectations. Plus, INTERFACE will keep you informed on CS activities so you never miss a meeting, career development opportunity or important industry update.

Launching this spring. Watch your email for its debut.
