FEATURES

5 THE DRAMATIC IMPACT OF SILICON TECHNOLOGY
by David F. Allison
Our guest editor for this issue chronicles the rapid growth of semiconductor technology from its beginning some twelve years ago with the first double-diffused transistor.

6 SEMICONDUCTOR RAMS — A STATUS REPORT
by Gordon E. Moore
Among their many other advantages, semiconductor RAMS are looking better than ever from a cost standpoint.

11 DESIGN CONSIDERATIONS FOR A SEMICONDUCTOR RANDOM ACCESS MEMORY
by Bernard A. Kute
Designing your RAM to match a segment of the memory market.

18 DESIGN CONSIDERATIONS FOR A BIPOLAR 256 BIT RAM
by Jerry Gray
Meeting performance objectives using bipolar technology.

23 SEMICONDUCTOR MEMORIES AND MINICOMPUTERS
by David L. House and Russell A. Henzel
By examining the past, the authors project future trends in the organization of minicomputers... with particular note of the impact of semiconductor memories.

COMPUTER magazine, published bimonthly by the Computer Society of the Institute of Electrical and Electronics Engineers, Inc., 8849 Reseda Blvd., Northridge, Calif. 91334.

ANNUAL SUBSCRIPTION: Members dues plus $6.00 Society fee. Non-members prices: prices available on request. Single copy prices: members $2.00; non-members $3.00 (libraries, etc.); or $4.00 (individuals). This journal is also available in microfiche form.

POSTMASTER: Send form 3579 to COMPUTER magazine, IEEE Headquarters, Technical Services, 345 East 47th St., New York, N.Y. 10017. Second class postage is paid at New York, New York and at additional mailing offices. Copyright 1971 by the Institute of Electrical and Electronics Engineers, Inc.

The Computer Society is an association of IEEE members with professional interest in the field of electronics computers. All members of the IEEE are eligible for membership in the Society and will receive COMPUTER magazine upon payment of the annual Society membership fee of $6.00. Members of certain professional societies and computer professionals are eligible to be members of the Computer Society. For information on joining write to IEEE COMPUTER SOCIETY, 8849 Reseda Blvd., Northridge, Calif. 91334.

Unless otherwise stated, by-lined articles in COMPUTER magazine reflect the author's opinion; inclusion in this publication does not necessarily constitute endorsement by the IEEE or the Computer Society.
