Exceptions

average of six words per line; $3.00 per line thereafter. Add $5.00 for box number. No ad shall be longer than 30 lines. Payment with order, due the first of the month prior to month of publication.

Exceptions — IEEE Computer Society member ads for positions wanted: $10.00 up to 10 lines; $1.00 per line thereafter. Situations wanted ads for unemployed Society members are run free. Include IEEE member number in either case.

VANDERBILT UNIVERSITY
SYSTEMS & INFORMATION SCIENCE
DEPARTMENT

Department Head: The S.I.S. Department is seeking an outstanding computer scientist to head the department. Prospective candidates should have a Ph.D. with a demonstrated ability in research and in attracting research support. Specialization should be in a central area of computer science, such as programming languages, compiler design, operating systems, data base management, or computer architecture.

The department maintains undergraduate and graduate (B.S., M.S., M. Engr., and Ph.D.) programs, and achieves a blending of theoretical and practical aspects of computer science in its program. Vanderbilt’s facilities include a Xerox Sigma 7; a wide range of minicomputers in data acquisition, control, and interactive display; and a DEC 1099 (Dual KL10), which will be installed in April.

Send resume and references to Prof. Robert W. House, Box 6188, Sta. B, Vanderbilt University, Nashville, TN 37235. Vanderbilt is an Equal Opportunity Employer.

Faculty Position: Assistant Professorship available immediately. Ph.D. in Computer Science or strongly related field required. Duties include research and teaching both undergraduate and graduate levels. Applicants should have particular competence in some aspect of computer science, and an area of research specialization such as design of algorithms or computer architecture. Industrial experience is highly desirable. Send detailed resume and references to: Prof. Robert W. House, Box 6188, Sta. B, Vanderbilt University, Nashville, TN 37235. An Affirmative Action/Equal Opportunity employer.

Assistant/Associate Professor: Computer Science, University of Connecticut. Four positions available in the EECS Department. Individuals with a Ph.D. in Computer Science, Computer Engineering or related area and a strong commitment to teaching and research in any of the following areas are invited to apply: Artificial intelligence, software design and engineering, computer systems and networks, data base design and management. Positions available September 1977. Send resume to Professor Taylor Weeks Head—Computer Science, U-157, University of Connecticut, Storrs, Connecticut 06268. An Equal Opportunity Employer.

CASE WESTERN RESERVE UNIVERSITY

Faculty Position in Computer Engineering and Information Sciences: A tenure track faculty position at the Assistant Professor level of Computer Engineering and Information Sciences will be filled by August 1977. Candidates’ areas of interest should include one or more of the following: programming languages and compiler theory, theory of computation and algorithms, computer systems architecture and operating systems, and computer graphics. The position requires a doctorate and a strong commitment to teaching and research. Case Western Reserve University is an equal opportunity/affirmative action employer. Qualified applicants should submit their resumes to Professor C. W. Rose, Department of Systems Engineering, Computer Engineering and Information Sciences, Cleveland, Ohio 44106.

CASE WESTERN RESERVE UNIVERSITY

Senior Faculty Position in Computer Engineering and Information Sciences: A senior position in Computer Engineering and Information Science will be filled by August 1977. The successful candidate will have a demonstrated ability to initiate and obtain funding for research programs, to lead in the development of junior faculty, and to be an effective teacher at the graduate and undergraduate levels.

Candidates’ areas of interest should include two or more of the following: operating systems, computer systems architecture, distributed systems, software engineering, and computer control.

Salary is open. Case Western Reserve University is an equal opportunity, affirmative action employer. Qualified applicants should send their resumes to Professor C. W. Rose, Department of Systems Engineering, Computer Engineering and Information Science, Cleveland, Ohio 44106.

University Faculty and Research Positions: The Electrical and Computer Engineering Department at Syracuse University seeks individuals with Ph.D. qualifications in the area of computer science interested in teaching and research in the Computer Engineering area. The department offers both undergraduate and graduate degree programs in both Electrical and Computer Engineering and is actively involved with research in a variety of areas. Inquiries are sought for temporary, visiting, and regular appointments. Send resumes to Professor E. Stabler, Electrical and Computer Engineering Department, 111 Link Hall, Syracuse University, Syracuse, New York, 13210. Syracuse University is an Equal Opportunity/Affirmative Action Employer. Minority and Women Candidates are encouraged to apply.

California State University, Northridge—Department of Computer Science: One-year term lectureships available in all areas of Computer Science. Qualifications: Ph.D., industrial experience desirable. Send resume to: Phillip Gilbert, Chairman, Computer Science Department, California State University, Northridge, Northridge, California 91330. To ensure consideration, applications should be submitted by May 1, 1977. Equal opportunity and affirmative action employer.
