FEBRUARY 1978

1978 DECUS Canada Symposium, February 15-17, Ottawa, Canada. Contact Yolanda Brandt, Canadian DECUS Executive Secretary, Digital Equipment of Canada, 100 Herzbeg Road, Kanata, Ontario, Canada.

The Computer Caravan, February 21-23, Washington, D.C.; March 21-23, Anaheim, California; March 28-30, San Francisco, California; April 11-13, Houston, Texas; April 18-20, Atlanta, Georgia; April 25-27, St. Louis, Missouri; May 2-4, Chicago, Illinois; May 9-11, New York City; May 23-25, Detroit, Michigan; and May 30-June 1, Boston, Massachusetts. Contact Stuart K. Wichert, Jr., The Conference Company, 60 Austin Street, Newton, MA 02160.

DataComm 78 Conference and Exposition, February 21-23, Washington, D.C. Contact the Conference Manager, DataComm 78, 60 Austin Street, Newton, MA 02160.

ACM Computer Science Conference 1978, February 21-24, Detroit, Michigan. Contact Seymour Wolfson, Computer Science, Wayne State University, Detroit, MI 48202.

MARCH 1978

Personal Computing Seminar and Exhibits, February 27-March 1, San Francisco, California. For information on the program, to be held in conjunction with COMPCON 78 Spring, contact Alice E. Algren, Marketing Manager, Cromemo, Inc., 2400 Charleston Rd., Mountain View, CA 94043; (415) 964-7400.

COMPCON 78 Spring, February 28-March 2, San Francisco, California. Contact COMPCON 78 Spring, P.O. Box 639, Silver Spring, MD 20901.

Simulation and Simscript Conference, March 6-8, Washington, D.C. Contact the conference chairman, J. S. Annino, CACI, 12011 San Vicente Blvd., Los Angeles, CA 90049; (213) 476-8511.

Interface '78, March 6-9, Las Vegas, Nevada. Contact Robert A. Lively, Interface '78, 160 Spen St., Framingham, MA 01701.

Conference on Information Sciences and Systems, March 29-31, The Johns Hopkins University, Baltimore, Maryland. Contact Gerald M. Masson, Department of Electrical Engineering, Barton Hall, The Johns Hopkins University, Baltimore, MD 21218.

APRIL 1978

Symposium on Medical Informatics, March 14-17, Toulouse, France. Contact Secretariat des Journees, c/o J.E.T., 9, Avenue Colonel Roche-B. P. 4346, 31029 Toulouse Cedex, France.

Eleventh Annual Simulation Symposium, March 15-17, Tampa, Florida. Contact Annual Simulation Symposium, P.O. Box 22621, Tampa, FL 33622.

Vehicular Technology Conference, March 22-24, Denver, Colorado. Contact promotion chairman, Gene W. Winans, P.O. Box 1839, Evergreen, CO 80439; (303) 874-7481.

Third International Programming Colloquium, March 28-30, Paris, France. Contact Secretariat de Colloque, Institut de Programmation, 4 Place Jussieu, 75230 Paris Cedex 05, France.

Continued on p. 96
man, Professor Makoto Nagao, Department of Electrical Engineering, Kyoto University, Sakyo, Kyoto, 606 Japan.

Convention Informatic: September 18-22, 1978, Paris, France. Submit four copies of 500-word abstract in English or French by March 15, 1978, accompanied by submission form that can be obtained from International Trade Shows in France, 1350 Ave. of the Americas, New York, NY 10019; (212) 582-4960.

1978 International Conference on Parallel Processing: August 22-25, 1978, Bellaire, Michigan. Abstracts and detailed summaries, including references and figures, are required by March 15, 1978, for both regular-length and short papers describing recent advances in all aspects of parallel/distributed processing. For regular papers submit four copies of a 100-word abstract and a 1000-word summary or full text. For short papers submit four copies of a 100-word abstract and a 300-500-word summary. Send to Prof. G. J. Lipovski, Dept. of Electrical Engineering, University of Texas, Austin, TX 78712; (512) 471-1952.

Fourth Workshop on Computer Architecture for Non-Numerical Processing: August 1-3, 1978, Blue Mountain Lake, New York. Papers are invited on current or proposed work in all areas of computer architecture for non-numerical processing, such as data communications, information storage and retrieval, database management, control and control, artificial intelligence, distributed processing, searching and sorting, and text processing. Submit four copies of papers, approximately 20 pages in length, by March 31, 1978, to the program chairman, Lee A. Lollaar, Dept. of Computer Science, University of Illinois, Urbana, IL 61820; (217) 333-3162.

Technical Communication in Non-Textual Form—The Design of Audio and Visual Information: Fall 1978 special issue of the IEEE Transactions on Professional Communication. Papers should provide pragmatic guides for audiovisual communication of technical information. Submit manuscripts—the original and two complete copies, typed double-spaced, including all artwork—by March 31, 1978, to the editor, R. J. Joenk, IBM Corp., Armonk, NY 10504.

COMPCON 78 Fall: September 5-8, Washington, D.C. A broad spectrum of papers on the conference theme, "Computer Communications Networks," and exceptional non-theme papers are being sought for the Computer Society's 16th international conference. Note: plans are to publish a proceedings, not a digest. Submit four copies of full papers by April 1, 1978; upon notice of acceptance, around May 1, 1978, prepare the formal camera-ready copy. Suggestions for panel topics and participants are also welcome and should be submitted by April 15, 1978. To participate in the "Short Notes" session, consisting of five-minute presentations without publication, submit a 250-word summary by August 1, 1978. Send to Marshall D. Abrams, National Bureau of Standards, Technology A229, Washington, D.C. 20234.

Impact of Microprocessors on Health Care Delivery, April 10-12, College Station, Texas. Contract Dr. William M. Lively, Industrial Engineering Department, Texas A&M University, College Station, TX 77843; (713) 845-5531.

IEEE International Conference on Acoustics, Speech, and Signal Processing, April 10-12, Tulsa, Oklahoma. Contact Rao Yarlagadda, School of Electrical Engineering, Oklahoma State University, Stillwater, OK 74074; (405) 624-5162.

1978 Workshop on Pattern Recognition and Artificial Intelligence, April 12-14, Princeton, New Jersey. Contact Professor Y. T. Chien, Department of Computer Science, University of Connecticut, Storrs, CT 06268.

Fourth Annual AIalom Workshop on Microprocessors, April 12-14, Pacific Grove, California. Contact Ted Lalliotis, AIS Inc., 840 Del Rey Ave., Sunnyvale, CA 94086; (408) 739-6700.

Texas A & M University Second Annual Microcomputer Exposition, April 21-23, College Station, Texas. Contact A & M Microcomputer Club, Box 59, Aigeland, TX 77844; (713) 822-7118.

Twenty-Eighth Electronic Components Conference, April 24-26, Anaheim, California. Contact J. A. Bruoton, Marketing Administration Department, Union Carbide Corporation, P.O. Box 5929, Greenville, SC 29606; (803) 963-6348.

1978 Workshop on Pattern Recognition and Artificial Intelligence, April 12-14, Princeton, New Jersey. Contact Professor Y. T. Chien, Department of Computer Science, University of Connecticut, Storrs, CT 06268.

PERCOMP 78, April 28-30, Long Beach, California. Contact James L. Lindwedel, PERCOMP 78, 1823 E. 17th St., Suite 108, Santa Ana, CA 92701.

Cable 78, April 30-May 3, New Orleans. Contact Robert A. Luff, National Cable Television Association, 918 16th St., N.W., Washington, D.C. 20006.

MAY 1978

NEWCOM '78, May 2-4, Las Vegas, Nevada. Contact Electronic Industry Show Corp., 222 South Riverside Plaza, Chicago, IL 60606; (312) 648-1140.

Eurocomp 78, May 9-12, London, England. Contact Eurocomp 78, Online, Cleveland Road, Uxbridge UB8 2DD, England.

Third International Conference on Software Engineering, May 10-12, Atlanta, Georgia. Contact L. A. Belady, program chairman, T. J. Watson Research Center, Yorktown Heights, NY 10598.

Sixteenth Annual Convention of the Association for Educational Data Systems, May 15-19, Atlanta, Georgia. Contact James E. Eisele, Office of Computing Activities, University of Georgia, Athens, GA 30602.

JUNE 1978

Simulation, Modeling, and Decision in Energy Systems, June 1-2, Toronto, Canada. Contact A. B. Carver, Atomic Energy of Canada, Chalk River, Ontario. Canada KOJ 1JO.

International Communications Conference 78, June 4-7, Toronto, Canada. Contact F. J. Heath, Ontario Hydro, 700 University Ave., Toronto, Canada MSG 1X6; (416) 592-4422.

CIPS Session '78 Canadian Computer Conference, May 23-25, Edmonton, Canada. Contact C. Christie, Athabasca University, 14515 122 Ave., Edmonton, Alberta, T5W 2H4 Canada.

Pattern Recognition and Image Processing Conference, May 31-June 2, Chicago, Illinois. For information on the conference, formerly scheduled for June 5-7, contact Prof. K. S. Fu, School of Electrical Engineering, Purdue University, West Lafayette, IN 47907.

IsraTech '78, June 4-8, Jerusalem, Israel. Contact IsraTech '78, Government of Israel, 641 Lexington Ave., New York, NY 10022.

MIMI '78, June 12-15, Zurich, Switzerland. For information on the Fourth Annual International Symposium and Exhibition, Mini- and Microcomputers, contact MIMI '78, Interconvention, c/o Swissair, Postfach 8058, Zurich, Switzerland.

Ninth Conference on Computers in Undergraduate Curricula, June 12-14, Denver, Colorado. Contact Dr. William Dorn, Dept. of Mathematics, University of Denver, Denver, CO 80208.

ACM/NBS 17th Annual Technical Symposium, June 15, Gaithersburg, Maryland. For information on the program, "Tools for Improved Computing in the 80's," contact Dr. Bryce Elkins, Computer Sciences Corp., 400 Army-Navy Dr., Arlington, VA 22202.

Fifteenth Design Automation Conference, June 19-21, Las Vegas, Nevada. Contact the chairman of the Computer Society's Design Automation TC, Dr. Roy L. Russo, IBM T.J. Watson Research Center, P.O. Box 218, Yorktown Heights, NY 10598.

Editorial schedule for IEEE TRANSACTIONS ON COMPUTERS

FACULTY POSITIONS IN COMPUTER SCIENCE
THOMAS MORE COLLEGE

Applications are invited for two positions in a new four-year program in Computer Science having the dual tracks of Scientific Computation/Science and Data Processing/business in a liberal arts environment. The curriculum will be generally similar to the ACM '77 curriculum. The positions offer opportunities in teaching and program development. Additional professional opportunities and cultural activities available in the Greater Cincinnati area. PhD in Computer Science required, but MS and closely related experience will be considered. Teaching will be at the undergraduate level and will require some specialization in science or business administration. Send vitae to:

Dr. Carl F. Evert, Chairman
Department of Computer Science
Thomas More College
P.O. Box 85
Fort Mitchell, KY 41017

CALIFORNIA STATE UNIVERSITY, NORTHRIDGE
DEPARTMENT OF COMPUTER SCIENCE

One-year term lecturerships available in all areas of Computer Science. Qualifications: PhD, industrial experience desirable. Send resume to Philip Gilbert, Chairman, Computer Science Department; California State University, Northridge; Northridge, California 91330. To ensure consideration, applications should be submitted by May 1, 1978. Equal opportunity and affirmative action employer.

The School of Engineering, Oakland University, invites applications for faculty positions in Computer Science. Preferred areas are:

- Minicomputers and microcomputers, operating systems and networking software; program- ming languages, formal language theory and compiler design; data base management and information systems; pattern recognition; software engineering; computer hardware and architecture.

Starting date, August 15, 1978. Duties include undergraduate and graduate teaching and research. Interest in sponsored research activities essential. Doctorate required. Rank and salary commensurate with qualifications. Send resume to Dean, School of Engineering, Oakland University, Rochester, Michigan 48063. Oakland University is an equal opportunity affirmative action employer.

DECEMBER 1978

ACM 78, December 4-6, Washington, D. C. Contact ACM Headquarters, 1135 Avenue of the Americas, New York, NY 10036.

National Telecommunications Conference, December 4-6, Birmingham, Alabama. Contact H. T. Uthlaut Jr., South Central Bell, Box 405, Birmingham, AL 35202.

Computer Elements Workshop on Putting a Maturing Technology to Work, December 11-14, Mesa, Arizona. Contact Charles R. Kime, Dept. of Electrical and Computer Engineering, University of Wisconsin, 1425 Johnson Drive, Madison, WI 53706; (608) 262-0206.

February 1978
CHAIRPERSON
DEPARTMENT OF COMPUTER AND
INFORMATION SCIENCE
THE OHIO STATE UNIVERSITY

Nominations and applications are invited for an outstanding individual to chair the Department of Computer and Information Science in the College of Engineering at the Ohio State University. The position carries a 12-month faculty appointment.

The Department has 22 (full-time equivalent) faculty members and additional teaching staff, offers both undergraduate (470 students) and graduate (160 MS and 40 PhD students) programs, and provides a large number of service courses to other colleges and departments. It also has a growing evening program.

Candidates should have a well-established reputation in research and scholarship, a good understanding of the broad spectrum of computer and information science, an ability to promote active research and quality teaching, and a desire to interface with other departments within the College and the University.

Send applications and nominations to:

David K. Hsiao
Department of Computer and Information Science
The Ohio State University
2036 Neil Avenue Mall
Columbus, OH 43210.

The Ohio State University
is an Equal Opportunity/Affirmative Action Employer.

COMPUTER ENGINEERING
FACULTY POSITION

To teach and help develop primarily undergraduate lecture and laboratory courses, pursue research or professional activity in:

— Digital Electronics
— Computer Architecture
— Microprocessors
— Digital Controls

Beginning September 1978. Salary open. PhD or equivalent experience in Computer Science/Engineering. Submit resume and references to:

San Francisco State University
Division of Engineering
1800 Holloway Avenue
San Francisco, CA 94132

SFSU is an Affirmative Action/Equal Opportunity Employer and encourages applications from women and members of minority groups.

The University of New Mexico Department of Computing and Information Science invites applications for openings at the rank of assistant or associate professor. One of these positions is contingent on funding. Applicants should have a PhD in computer science and an interest in teaching and research.

Preferred areas of specialization are information and database management, programming and verification methodology, artificial intelligence. Women and minorities are encouraged to apply. The University of New Mexico is an Equal Opportunity Employer.

Applications and inquiries should be directed to:

Donald R. Morrison
Department of Computing and Information Science
University of New Mexico
Albuquerque, NM 87131

Faculty Position: Area of interest and specialization in Computer Engineering. Applicants must be research oriented. Have Ph.D., and an Electrical Engineering background. Teaching and/or industrial experience is preferred. Interested persons may send resumes to Dr. J. David Irwin, Head, Electrical Engineering, Auburn University, Auburn, AL 36830. An Equal Opportunity Employer.

The Department of Electrical Engineering and Computer Science expects to fill one or two faculty positions for the 1978-79 academic year. It is expected that these positions will be filled at the Assistant Professor level, however a higher rank may be possible, depending on individual qualifications. Desired qualifications include a PhD in Electrical Engineering or Computer Science and a good record of teaching, research, and/or industrial experience. Preferred areas of interest are Computer Architecture, Microprocessors, and Software Engineering. Partial support for visiting professors on sabbatical leaves may also be available. Send applications to: Peter Dorato, Chairman; University of New Mexico; Albuquerque, NM 87131. UNM is an equal opportunity/affirmative action employer and actively solicits applications from women and minority group candidates.

Mississippi State University invites applications for tenure-track faculty positions in Computer Science beginning Fall 1978. Applicants should have a doctorate in Computer Science or a closely related field. Preferred areas of research interest are computer hardware, database systems, operating systems, or software engineering, although all areas will be considered. Rank and salary are dependent upon the background and qualifications of the applicant.

The Department of Computer Science offers programs leading to the Bachelor of Arts, the Bachelor of Science, and the Master of Science degrees. Currently, there are approximately 165 undergraduates and 30 graduate students enrolled in these programs. Primary computing support is provided by a UNIVAC 1108 dual processing system which serves the entire campus.

Interested individuals should send a curriculum vitae and references to:

Professor Rodney D. Carter
Department of Computer Science
Mississippi State University
P.O. Drawer CS
Mississippi State, MS 39762

MSU is an Equal Opportunity/Affirmative Action Employer.

The University of Texas at San Antonio: The Division of Mathematics, Computer Science, and Systems Design invites applications for faculty positions beginning August, 1978. The first position is at the Associate Professor level. We are primarily interested in an individual who can supervise the conduct of a mini-microcomputer laboratory and can teach courses in computer organization, real-time operating systems, and the general digital system design area. The second position is for a tenure track Assistant Professor. Applicants should have a PhD in Computer Science or a related field with demonstrated research interests in data-base methodology, although other areas will be considered. Responsibilities for both of these positions include teaching at the graduate and undergraduate level and development of research interests in area of specialization. A number of visiting Assistant Professor positions are also available. Applicants should send their resume to: Professor Stanley G. Wayment, Division Director, Division of Mathematics, Computer Science, and Systems Design, The University of Texas at San Antonio, San Antonio, TX 78285. Area Code 512 691-4452. UTSA is an Equal Opportunity/Affirmative Action Employer.

DUKE UNIVERSITY

Faculty positions exist at the Assistant Professor level in the Computer Science Department for PhD’s of high qualification with a strong research commitment and an interest in teaching at both the graduate and undergraduate levels. Applicants should have demonstrated research interest in modeling and performance evaluation, systems software design, reliable computer networking, data-base methodology, or high-level languages and abstract data types. Send resume to Dr. Donald W. Loveland, Department of Computer Science, Duke University, Durham, NC 27706. Applications from qualified women and members of minority races are especially encouraged. The possibility exists for an appointment at a higher rank.

Duke is an Equal Opportunity/Affirmative Action Employer.

The University of Washington, Seattle, Computer Science Department: Applications are invited for a faculty position expected to be available in September 1978 in the Department of Computer Science at the University of Washington. Applicants should be prepared for research and teaching at the graduate and undergraduate level and should have a PhD in computer science or a closely related discipline. Preference will be given to applicants with an applied orientation in any of the areas of programming languages, hardware, artificial intelligence, data bases, or software engineering, but field is secondary to the individual’s capability. Applications should include a curriculum vitae, names and addresses of three or more references, and any additional material helpful in evaluating the candidate such as a short statement of current and future research interests. Send applications to: Robert W. Ritchie, Chairman, Department of Computer Science, Box 35235, University of Washington, Seattle, WA 98195. An equal opportunity/affirmative action employer.

100

COMPUTER
Electric Engineering: Assistant Professor to start on or before September 1, 1978. Entry level position for person with teaching and research interest and capabilities in one or more of the following areas: digital electronics, mini/microcomputer distributed systems, microprocessor applications, or computer architecture design. Applicants must hold the PhD degree in Computer Science, Electrical Engineering, or Computer Science. Application deadline: March 31, 1978. Send resume and the names of two references to: Chairman of the Search Committee, Electrical Engineering Department, The University of Akron, Akron, OH 44325. An equal opportunity affirmative action employer.

ASSISTANT PROFESSORSHIPS
The Computer Science Division of the Electrical Engineering and Computer Sciences Department at the University of California, Berkeley, is currently seeking persons interested in teaching and research in areas of Computer Science including, but not restricted to the following:
1. Computer Software: Artificial intelligence; program testing and verification; operating systems; software science and engineering.
2. Computer Systems: Graphics; computer architecture; creative applications of microprocessors; hardware-software systems.
Applications are invited for regular faculty positions at the Assistant Professor level to start in the 1978-79 academic year. These are regular positions with the possibility of later promotion to tenure. Applicants should have a demonstrated and demonstrated academic or industrial research capabilities. The University is an Affirmative Action Employer and encourages applications from women and members of minority groups. Interested persons should send a resume including references to: Professor Manuel Blum, Computer Science Division, EECS Department, University of California, Berkeley, CA 94720.

The University of Michigan-Flint: Applications are invited for the position of Chairperson, Computer Science Program. Candidates should have several years teaching experience, demonstrated scholarly research ability, and obtained the Associate Professor rank. Preference will be given to candidates with some applied experience. A PhD in Computer Science or related fields is required. The faculty includes, in addition to the Chairperson, two authorized posts, one of which is filled. The Chairperson will have the opportunity to fill the other authorized post by Fall, 1979. Send resume to Donald Boys, Chairman, Search Committee, The University of Michigan-Flint, Flint, Michigan 48503.

Computer Science Faculty Position: Anticipated for Fall 1978 at State University College of O getClassification. New York. Salary $3,000 - $7,000. Minimum requirement of a Master's degree in Computer Science or related area (or equivalent professional computer experience). Emphasis on teaching. Applicant should have a broad background in computers, knowledge of at least two major higher-level languages, and some special area of competence (such as computer business applications, databases, hardware, etc.). Applications deadline: March 1, 1978. Apply with resume to: Ms. Stacey Edgar, Search Committee, Computer Science, State University College of O getClassification, New York, New York 14454. An Equal Opportunity/Affirmative Action Employer.

Faculty Position—Computer Engineering: Applicants are invited for a position at the Assistant or Visiting Associate Professor level in the Department of Electrical and Computer Engineering at the University of Wisconsin-Madison. Qualifications include a doctorate in Electrical Engineering or hardware-oriented Computer Science. Preferred emphasis in computer architecture, machine organization, or microprocessor system architecture. Contact: D. W. Novotny, Chairman, Department of Electrical and Computer Engineering, University of Wisconsin, 1425 Johnson Drive, Madison, WI 53706; phone 608/262-3840. The University of Wisconsin is an Equal Opportunity/Affirmative Action Employer.

Head, Department of Electrical Engineering, Stevens Institute of Technology, Hoboken, NJ. Applications are invited for the position of Head of the Department of Electrical Engineering. The applicant must have an earned doctorate in electrical engineering (concentration in computer science/related systems) and demonstrated ability in teaching and research. Administrative, industrial, or governmental experience is desirable. Stevens is an equal employment opportunity/affirmative action employer. Applications and resumes of qualified individuals should be sent to Prof. Alfred C. Gilmore, Jr., Chairman, Search Committee, Department of Electrical Engineering, Stevens Institute of Technology, Castle Point Station, Hoboken, NJ 07030.

University of Massachusetts, Amherst invites applicants for a tenure-track position at the Assistant Professor level or above for persons with teaching ability and research potential, and/or accomplishments within one or more of the following areas: computer architecture and design, mini/microcomputer systems, fault-tolerant computing, LSI applications, computer-aided digital system design, computing graphics, software engineering. Positions available starting January 15, 1978. Send resume and list of references to: Professor Walter H. Kohler, Dept. of Electrical and Computer Engineering, University of Massachusetts, Amherst, MA 01003.

AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EMPLOYER

SOUTHERN METHODIST UNIVERSITY
The Department of Computer Science has an opening for a senior faculty member in the software area. Specialties sought include Software Engineering, Computer Architecture, Data Base/Information Systems, Operating Systems. Experience in system development is desirable. Candidates for the position must exhibit superior research ability and provide leadership to the software activities in the Department. Rank is open depending on qualifications.

Southern Methodist University is a moderate sized (8000 day-time students) private university and the School of Engineering and Applied Science at SMU has for many years received enthusiastic support from both the nationally based industries in the Dallas area. The Computer Science Department has both undergraduate and graduate programs and 26 PhD degrees have been awarded in the past seven years.

Southern Methodist University is an equal opportunity/affirmative action employer; applications from women and minority groups are especially encouraged. Qualified candidates are requested to send a resume to:
Dr. David W. Matula
Chairman, Department of Computer Science
School of Engineering and Applied Science
Southern Methodist University
Dallas, TX 75275

COMPUTER EDITOR
Major NYC professional publisher requires individual with EE degree and experience in computer industry. Position requires organized thinker, self-starter, able to meet deadlines in reporting, researching, writing, and editing for international publication IEEE SPECTRUM. We offer salary commensurate with experience along with an outstanding benefits program. Please send resume including salary requirements to Mr. E. G. Logan, Personnel Manager, The Institute of Electrical and Electronics Engineers, 345 E. 47th Street, New York, NY 10017.

Equal Opportunity Employer M/F

ASSISTANT PROFESSORSHIPS OF COMPUTER SCIENCE
Massachusetts Institute of Technology
The M.I.T. Department of Electrical Engineering and Computer Science has positions available starting September, 1978 or earlier for superior candidates interested in teaching and research. Candidates from all areas of specialization within computer science will be considered. The Department has special interest in candidates in the hardware and computer systems areas. Research would probably be performed within the Laboratory for Computer Science (formerly Project MAC), the Artificial Intelligence Laboratory, or the Research Laboratory for Electronics.

Applications should include a curriculum vitae, and names and addresses of three or more references; non-U.S. citizens should include an explanation of visa status. Additional material describing the applicant's work, such as papers or technical reports, and a one-paragraph statement of future research plans would be helpful. Send applications to:
Professor Albert R. Meyer
Chairman, Computer Science Search Committee
M.I.T., 545 Technology Street, Room 515
Cambridge, MA 02139

M.I.T. is an equal opportunity/affirmative action employer and actively solicits applications from women and minority group candidates.

Oregon State University invites applicants for one tenure track faculty position at the Assistant Professor level starting in September 1978. PhD in Computer Science or related field is required with preference given to applicants specializing in database management systems, distributed database systems, and information systems design. Salary open. Send complete resume and three letters of reference to Professor W. S. Bregar, Department of Computer Science, Oregon State University, Corvallis, OR 97331, by March 31, 1978. Oregon State University is an Affirmative Action/Equal Opportunity Employer and complies with Section 504 of the Rehabilitation Act of 1973.

February 1978
