Get a Different Perspective on Computing...

Second only to Americans in the use of computers, the Japanese bring to their applications a different sense of priorities. A preference for custom software over purchased packages. A liking for transaction processing and real-time control.

Come and meet them in San Francisco. See if some of their ideas don't make sense in your shop, and show them how things are done here.

Technical presentations in English by both Japanese and Americans are only a part of the upcoming USA-Japan Computer Conference.

There will be an all-day tutorial program on the Monday before the conference convenes.

Also an exhibit of catalogs from vendors on both sides of the Pacific — hardware, software, and services.

Join us for this third meeting of East and West; the first time this conference is held on American soil. Share common professional and avocational interests with your counterparts from Japan. It's a rare opportunity, one you shouldn't miss.

3RD USA-JAPAN COMPUTER CONFERENCE
SAN FRANCISCO
OCT. 10, 11, 12, 1978

Sponsored by
The American Federation of Information Processing Societies and the Information Processing Society of Japan
