THE conference will bring together researchers and practitioners from all over the world to discuss the use of computers as an aid to engineering design. Over sixty papers will cover the following topics:

- Information management systems for computer aided design applications
- Organizational and social implications
- Man/Machine interaction
- Education
- CAD/CAM applications
  - electronic circuit design
  - control systems
  - civil engineering
  - architecture
  - cartography

Panels will discuss:

- Integrating turnkey cad systems with host databases, organized by Ernest Warman.
- Industrial CAD/CAM education, organized by John J. Allan III.
- Graphics standards, organized by Richard Guedj.
- User's point of view on CAD, organized by Jacob Vlietstra.

THE EXHIBITION

An exhibition of computer systems products and services will be held at the Palazzo dei Congressi next to the conference halls. For stand booking, contact:

Luigi Cerofolini
Istituto di Matematica Applicata
Via Vallescura 2, 40136 Bologna, Italy
Tel. 051 - 331588, Telex SOGEPACO 52098

REGISTRATION

A reduced preregistration fee of Lire 110,000 is available until August 10, 1978. Registration includes conference lunches and banquet, all conference papers and taxes (14% at present rate). Late registration fee is Lire 135,000. Detailed information regarding hotel accommodations and special group travel arrangements will be sent to all preregistrants. To preregister, fill the form below and mail it with your check made payable to the Interactive Techniques in CAD Conference.
