CALL FOR PAPERS

First International Symposium on
MINI-AND MICROCOMPUTERS
IN CONTROL
JANUARY 8-9, 1979

LOCATION
Islandia Hyatt House, San Diego, California 92109 U.S.A.

SPONSORS
The International Society for Mini- and Microcomputers (ISMM)
IEEE Control Systems Society

SCOPE
Computer hardware and software for control
Computer aided design of control systems
Supervisory control systems
On-line computer control
Process control
Simulation
Languages
Methodology
Control applications
Distributed computer control systems
Design of modular digital controllers
Algorithms for computer control including
Identification
Estimation
Optimization

Education and continuing education
Applications
- Automotive
- Transportation
- Aerospace
- Engineering
- Energy
- Power systems
- Environmental sciences
- Biological sciences
- Chemical and Petroleum Engineering
- Manufacturing
- Others

ABSTRACT
A 200-250 word abstract should be submitted by September 1, 1978 to:
The Secretary, Computers in Control Symposium, P.O. Box 2481, Anaheim, CA 92804 U.S.A. (714) 774-6144

Complete manuscripts of accepted papers are due by December 15, 1978 for publication in the proceedings which are scheduled to appear March 15, 1979. Accepted papers are considered to have been submitted for possible publication in Automatic Control Theory and Applications. Authors wishing to submit their papers elsewhere for publication after the meeting should inform the Secretary.

This symposium is to be held at the Islandia Hyatt House just prior to the 17th IEEE Conference on Decision and Control, thus permitting participants to attend both conferences if they so wish.
The Islandia House is on Mission Bay in San Diego, California. It is close to Sea World, is adjacent to the Mission Bay sports fishing dock and is not far away from the San Diego Zoo. A social program is planned for the participants and their spouses.
