A collection of over 2600 technical papers (some refereed, some not), covering the full range of computer system design and maintained by the Computer Society as a service to the information processing community.

R78-145—Yarwood, E., “Toward Program Illustration” (129 pp., University of Toronto, Canada)
R78-146—Kienzle, M. G., “Measurements of Computer Systems for Queueing Network Models” (146 pp., University of Toronto, Canada)
R78-147—Lochovsky, F. H., “Data Base Management System User Performance” (211 pp., University of Toronto, Canada)
R78-148—Lezowska, E. D., “Characterizing Service Time and Response Time Distributions in Queueing Network Models of Computer Systems” (120 pp., University of Toronto, Canada)
R78-149—Brodie, M. L., “Specification and Verification of Data Base Semantic Integrity” (168 pp., University of Toronto, Canada)
R78-151—Mullin, F. J., “Software Test Management” (17 pp., TRW, Redondo Beach, California)
R78-152—Turn, R., “Hardware-Software Tradeoffs in Reliable Software Development” (19 pp., TRW, Redondo Beach, California)
R78-153—Brown, J. R. and K. F. Fischer, “A Graph Theoretic Approach to the Verification of Program Structures” (16 pp., TRW, Redondo Beach, California)
R78-156—Rodrick, T. L. and T. Kampe, “Software Reviews and Audits: An Acquisition Guidebook” (65 pp., TRW, Redondo Beach, California)
R78-157—Hiller, G. W., “Trace Debug Checks” (11 pp.)
R78-158—Silverberg, B.A., “Using a Grammatical Formalism as a Programming Language” (115 pp., University of Toronto, Canada)
R78-159—Schmidt, J.W., “On the Implementation of Relations: A Key to Efficiency” (30 pp., University of Toronto, Canada)
R78-161—Sundberg, E.E., “Some Transparent Shortened Codes for Semiconductor Memories” (26 pp., Lund Institute of Technology, Sweden)
R78-162—Oberman, R.M.M., “Computer Controlled Modular Replacement of Combinational Switching Networks” (4 pp., Technical University, Delft, The Netherlands)
R78-164—Oberman, R.M.M., “The Positbinary Versus the Negabinary Number System” (14 pp., Technical University, Delft, the Netherlands)
