CALL FOR PAPERS

ACM 79
ANNUAL CONFERENCE
OCTOBER 29 - 31, 1979
DETROIT PLAZA - DETROIT, MICHIGAN

ADVANCES OF THE 70’s — CHALLENGES OF THE 80’s

The Annual Meeting...

of the Association for Computing Machinery will be held October 29-31, 1979 at the Plaza Hotel in Detroit's Renaissance Center. All computer professionals are invited to participate.

The Technical Program...

has the theme “Advances of the 70’s - Challenges of the 80’s.” The conference will focus on the advances of the state of the art of computing during the past decade, the challenges that face computing in the next decade, and the transfer of computer technology from today’s research to tomorrow’s practice.

Papers...

are invited on any aspect of computer science and computer applications. Papers directly related to the theme are of particular interest. All submitted papers will be refereed. Papers should not exceed 15 pages including abstract, text, references, and bibliography.

Session Proposals...

are welcomed for panels or special activities. Sessions directly related to the theme are of particular interest. All session proposals will be reviewed. Session proposals should indicate a topic, type of activity, and suggested participants.

Five copies of all papers and/or session proposals should be submitted to the program chairman by March 1, 1979. All authors will be asked to sign ACM’s copyright form.
