COMPUTING
NCC '79:
THE COMPLETE
COMPUTING
EXPERIENCE

The 1979 National Computer Conference will provide the year's most comprehensive computing experience. You'll see the industry's newest products and services and have the chance to speak with experts in every area of information processing. NCC '79, June 4-7 in New York City, will feature more than 120 sessions, a record-breaking exhibition, a Personal Computing Festival, Professional Development Seminars, and a variety of special events.

Preregister now to insure fast and easy access to NCC activities. Regardless of the registration category you select, your badge will be mailed to you well in advance of the conference. To preregister, complete and return the coupon.

Practical solutions to data processing problems will be emphasized throughout the conference program. Major program areas will include applications, science and technology, management, and social implications. A special highlight will be three separate groups of sessions covering the use of computers for financial transactions, in law and public policy, and in health care.

The latest computer hardware, systems, and services will be on display at NCC '79 on all four floors of the New York Coliseum and at the nearby New York Hilton Hotel. More than 350 organizations will occupy nearly 1,700 booths, making this the largest exhibit of its kind ever assembled.

The Personal Computing Festival will feature program sessions and application demonstrations of interest to professionals, EDP specialists, and computer hobbyists. A major attraction of the Festival will be commercial exhibits devoted exclusively to personal computing.

The Professional Development Seminar program will consist of 15 one-day minicourses designed to increase professional skills and aid in career development. A separate fee of $50 will be charged for each course. Rounding out NCC '79 will be plenary sessions, a Pioneer Day program commemorating the 20th anniversary of COBOL, a computer stamp exhibit, and other high-interest activities.

For more information, or to preregister for the full conference, return this coupon.
