CALL FOR PAPERS

Calls are listed according to submission deadline. Conferences in which the Computer Society is a sponsor or participant are indicated by the IEEE Computer Society logo; others of interest to our readers are also included. Submit information by the first of the month preceding the month of publication to Computer Magazine, 5855 Naples Plaza, Suite 301, Long Beach, CA 90803.

Computer Magazine is looking for papers and articles that survey important developments across the breadth of the field, describe particular developments from a tutorial point of view, or explore application areas. The following special issues are being organized:

Fault-Tolerant Computing, Translator Writing Systems, Machine Perception for Industrial Applications, Computers in Education, Computer System Performance Modeling, and Adaptable Architectures. Submit four copies of manuscript, including illustrations and references, to our technical editor, Dr. Portia Isaacson, Electronic Data Systems, 7117 Forest Lane, Dallas, TX 75230; (214) 661-4068.

EUROMICRO 80: September 16-18, 1980, London, England. The European Association for Microprocessing and Microprogramming requests six complete copies of papers (no longer than 16,000 words), a 200-word abstract, and authors' names and mailing addresses by January 31, 1980. Send to the programme chairman: Mariagiovanna Sami, Ist. di Elettronica, Politecnico, Piazza L. Da Vinci 32, I-20133 Milano, Italy; Telex 333 467 POLIMI.

IMAC '80: July 8-10, 1980, Tokyo, Japan. This conference, which promotes collaborative international efforts towards the advancement of microcomputer technology, requests abstracts by January 31, 1980. Write to International Microcomputer Applications Conference Office, Japan Electronic Industry Development Association, 3-6 Shiba-koen, Minato-ku, Tokyo 105, Japan, or call Japan 03 434-8211, Ext. 355.

International Workshop on High-Level Language Computer Architecture: May 26-28, 1980, Fort Lauderdale, Florida. Send four copies of manuscript (in English, not to exceed double-spaced pages) by January 31, 1980, to Dr. Yaohan Chu, Dept. of Computer Science, University of Maryland, College Park, MD 20742; (301) 454-4245.

EUROMICRO 80: September 16-18, 1980, London, England. The European Association for Microprocessing and Microprogramming requests six complete copies of papers (no longer than 16,000 words), a 200-word abstract, and authors' names and mailing addresses by January 31, 1980. Send to the programme chairman: Mariagiovanna Sami, Ist. di Elettronica, Politecnico, Piazza L. Da Vinci 32, I-20133 Milano, Italy; Telex 333 467 POLIMI.

IMAC '80: July 8-10, 1980, Tokyo, Japan. This conference, which promotes collaborative international efforts towards the advancement of microcomputer technology, requests abstracts by January 31, 1980. Write to International Microcomputer Applications Conference Office, Japan Electronic Industry Development Association, 3-6 Shiba-koen, Minato-ku, Tokyo 105, Japan, or call Japan 03 434-8211, Ext. 355.

International Workshop on High-Level Language Computer Architecture: May 26-28, 1980, Fort Lauderdale, Florida. Send four copies of manuscript (in English, not to exceed double-spaced pages) by January 31, 1980, to Dr. Yaohan Chu, Dept. of Computer Science, University of Maryland, College Park, MD 20742; (301) 454-4245.

Manufacturing Technology: September 1980 Special Issue of the IEEE Transactions on Components, Hybrids, and Manufacturing Technology. Papers describing recent developments and unique applications of technology in the manufacturing of electronic components and hybrids are being solicited. Submit by February 1, 1980, to the guest editor: Sam Shina, Hewlett-Packard, 175 Wyman St., Waltham, MA 02154; (617) 890-6300.

Seventh Annual Conference on Academic Computing Applications: April 25, 1980, Bloomington, Indiana. Submit titles and abstracts by February 1, 1980, completed papers by March 1, 1980, to Paul Glenn, Wruble Computing Center, Memorial Hall West, Indiana University, Bloomington, IN 47405; (812) 337-9255.

Second Workshop on Picture Data Description and Management: August 27-28, 1980, Asilomar, California. Send four copies of paper before March 1, 1980, to Prof. S. K. Chang, Program Chairman, 1980 POMD Workshop, Dept. of Information Engineering, University of Illinois, Box 4348, Chicago, IL 60680.

Fifth International Conference on Computer Communication: October 27-30, Atlanta, Georgia. Send six copies of a 100- to 200-word abstract, full set of illustrations, and manuscript of less than 5000 words by March 1, 1980, to Dr. J. Salz, Program Chairman, ICC '80, Bell Laboratories 1G-509, Holmdel, NJ 07733.

Fifth International Conference on Pattern Recognition: December 1-4, 1980, Miami Beach, Florida. Long papers of about 6000 words for 25-minute presentations and short papers of not more than 3000 words for 15-minute presentations are invited on all aspects of pattern recognition research. Send four copies of the draft paper and a 200-word summary by April 1, 1980, to the program chairman: Prof. Y. T. Chen, Dept. of EE & CS, U-157, University of Connecticut, Storrs, CT 06268; (203) 486-4825.

1980 International Conference on Circuits and Computers for Large Scale Systems: October 1-3, 1980, Portland, Oregon. Submit four copies of a 200-word abstract or summary and, if possible, the full text; for a short paper submit a 100-word abstract. Send by April 4, 1980, to Dr. N. B. Guy Rabbat, IBM Corporation, D1816, B300-45A, Hopewell Junction, NY 12533; (914) 897-8126.

Multiple-Valued Logic: September 1981 Special Section of the IEEE Transactions on Computers. Papers accepted by the 1980 International Symposium on Multiple-Valued Logic will be automatically considered. Other authors should submit five copies of their papers by April 30, 1980, to Jon T. Butler, Dept. of Electrical Engineering and Computer Science, Northwestern University, Evanston, IL 60201; (312) 492-5626.
