Technological obsolescence isn't something that happens only to hardware... it happens to people too!

If you design computer hardware, software, or systems... if you use computers in your work... if you need to know where computer technology is today and where it is likely to be five years from now... you need the IEEE Computer Society.

- automatic subscription to COMPUTER — the leading professional journal in the computer engineering field
- low-cost member subscriptions to the highly respected IEEE Transactions on Computers, IEEE Transactions on Software Engineering, and IEEE Transactions on Pattern Analysis and Machine Intelligence
- price discounts on over 250 conference proceedings and tutorial texts
- price discounts on over 40 conferences and tutorials per year
- opportunity to participate in local chapter activities (over 80 chapters worldwide)

SPECIAL INTRODUCTORY OFFER:

Join now and receive your free copy of...

Microprocessors and Microcomputers (Second Edition) — selected papers from COMPUTER, organized and introduced by the technical editor. Sections on architecture, software, and applications include the standard specification for S-100 bus interface devices and special articles on modular programming in PL/M, microprocessor networks, and microprocessors in automation and communications. (298 pp.)

Regular nonmember price: $12

1. To receive free publication, MAIL COMPLETED APPLICATION (next page) WITH remittance to the IEEE Computer Society, 5885 Naples Plaza, Long Beach, CA 90803.
2. Supplies are limited. We reserve the right to substitute publications.
3. Offer does not apply to student members.

IEEE COMPUTER SOCIETY

THE INSTITUTE OF ELECTRICAL AND ELECTRONICS ENGINEERS, INC.

PUBLICATION OPTIONS

If, in addition to your automatic subscription to COMPUTER Magazine, you would also like to receive:

- Transactions on Computers (1161) full-year $8.00 • HALF-YEAR $4.00
- Transactions on Software Engineering (1171) full-year $6.00 • HALF-YEAR $3.00
- Transactions on Pattern Analysis & Machine Intelligence (1351) full-year $6.00 • HALF-YEAR $3.00
- Journal of Solid State Circuits (4101) full-year $4.00 • HALF-YEAR $2.00
- Journal of Oceanic Engineering (4201) full-year $4.00 • HALF-YEAR $2.00
- Proceedings of the IEEE (5011) (not available to affiliate members) full-year $10.00 • HALF-YEAR $5.00

If you join both the IEEE and the Computer Society, you are entitiled to all IEEE benefits, including automatic subscription to SPECTRUM. Rates shown reflect $10 IEEE entrance fee (one-time assessment) for all areas. Rates also reflect $10 per year regional assessment for Regions 1-6 (continental U.S.). There is a $7 per year regional assessment for Regions 7-13 (Canada). Members in Region 8 (Western Europe & Mid-East). 9 (Latin America), & 10 (Far East) deduct $5 from half-year rates. $10 from full-year rates. Members in Region 7 deduct $1.50 from half-year rates, $3 from full-year rates. ACM members deduct $2.50 from half-year rates, $5 from full-year rates.

**Hardcopy bulk air option for members in Regions 8-10 (Western Europe, Latin America, & the Far East)**

Add the following amount(s) for 10-day delivery:

- For Computer, 2- to 6-week delivery for Transactions:
  - Full: $22.00 • Half: $11.00
  - Full: $44.00 • Half: $22.00
- Transactions on Computers (1161)
  - Full: $12.00 • Half: $6.00
  - Full: $24.00 • Half: $12.00
  - Full: $36.00 • Half: $18.00
  - Full: $48.00 • Half: $24.00
- Transactions on Software Engineering (1171)
  - Full: $6.00 • Half: $3.00
  - Full: $12.00 • Half: $6.00
  - Full: $18.00 • Half: $9.00
- Transactions on Pattern Analysis & Machine Intelligence (1351)
  - Full: $6.00 • Half: $3.00
  - Full: $12.00 • Half: $6.00
  - Full: $18.00 • Half: $9.00
- Journal of Solid State Circuits (4101)
  - Full: $29.00 • Half: $14.50
  - Full: $58.00 • Half: $29.00
- Journal of Oceanic Engineering (4201)
  - Full: $22.50 • Half: $11.25
  - Full: $45.00 • Half: $22.50
- Proceedings of the IEEE (5011)
  - Full: $21.50 • Half: $10.75
  - Full: $43.00 • Half: $21.50

**Work and Plant**

Enter code(s) for job function code, be sure to explain on the lines provided.

- Large computers
- Minicomputers
- Microcomputers
- Computer peripheral equipment
- Data processing systems (system integration)
- Office and business machines
- Test, measurement, and instrumentation equipment
- Communications systems and equipment
- Navigation and guidance systems and equipment
- Consumer entertainment electronic equipment
- Consumer electronics appliances
- Consumer controls, systems, and equipment
- Consumer electronics components and subassemblies
- Consumer electronics materials and hardware
- Consumer electronics aircraft, missiles, space and ground support equipment
- Consumer electronics oceanography and support equipment
- Medical electronics
- Industrial companies within O.E.M. incorporating electronics equipment in their product, not elsewhere classified
- Independent research, test, and design laboratory and consultant (only if you are not connected with a manufacturing company)
- Government agency and military
- Industrial companies incorporating any electronic products in their manufacturing, research, or development activities
- Communication (radio, TV, police)
- Transportation services (airline, railroads, etc.)
- Computer and data processing services: service bureau, software services, timesharing, consulting
- All other commercial users
- Power generation equipment manufacturer
- Power transmission
- Power distribution
- Utilities, except power (telephone, telegraph, pipelines, etc.)
- Distribution
- School, university, or library
- Others (explain)

**Employment Status**

- Management
- Engineering

**Job Functions**

Enter code(s) for job function code, be sure to explain on the lines provided.

1. General and corporate management
2. Design and development engineering (circuits, components, equipment, systems)
3. Engineering services (evaluation, quality control, reliability standards, test)
4. Basic research
5. Manufacturing and production
6. Engineering support (draftsman, lab assistant, technician)
7. Purchasing and procurement
8. Marketing, including sales
9. Computer systems/operations
10. Engineering systems planning and design
11. Operations including construction & maintenance activities
12. Dean, professor, instructor, etc.
13. Student
14. Other personnel (explain)

**Job Category**

- Management
- Engineering
