No. 1. Career Enhancement:
At Linkabit you'll find all the ingredients you need to develop a great career — state-of-the-art technology, rapid growth, and a supportive, challenging work environment. Linkabit was formed in 1968 to apply advanced communication theory, computer science and digital technology to the conception, development and manufacture of state-of-the-art communication systems and devices. We have averaged an annual increase in sales of over 50% since our formation, and our reputation for completing programs on time, on budget and within or exceeding specification has earned us an enviable reputation.

No. 3. San Diego Living:
This is an ideal place to work and play. The UCSD and San Diego State University campuses are less than 15 minutes away from our 13-building complex in Sorrento Valley. San Diego's 70 miles of beaches and coves are within easy access year-round, and cosmopolitan downtown San Diego offers nationally renowned opera, symphony and theatre, all major league sports and great dining and shopping.

Opportunities typically exist in:
- Software/Hardware Development
- Communications Systems Design
- RF & Analog Systems Development
- Thermal & Package Engineering
- Software/Hardware Architecture & Design
- Computer Support Systems Development
- Project Engineering
- Program Management
