Computer technology moves fast.

The Computer Society can help you keep up.

Let us tell you how.
If you’re serious about your profession, the Computer Society is one of the best bargains you’ll ever encounter.

Look at these member benefits:

- Free subscription to COMPUTER
- Low-cost optional subscriptions to all other Computer Society periodicals (see facing page)
- Price discounts on conference proceedings and tutorial texts (over 300 active titles)
- Price discounts on registration fees to over 40 conferences, symposia, and workshops each year
- Participation in local chapter activities (over 80 chapters worldwide)

Special offer to new members. Join now and receive a FREE copy of either of the following:

**Microprocessors and Microcomputers** (Second Edition) — selected papers from COMPUTER, organized and introduced by the technical editor. Sections on architecture, software, and applications include the standard specification for S-100 bus interface devices and special articles on modular programming in PL/M, microprocessor networks, and microprocessors in automation and communications. (298 pp.)

Regular nonmember price: $12

**Selected Reprints in Software** — selected papers from COMPUTER, organized and introduced by Marvin V. Zelkowitz. Sections cover programming languages, software creation, data bases, and applications. Includes more than 25 of the best articles from COMPUTER on the subject. (228 pp.)

Regular nonmember price: $12

Note: To receive your free book you must mail your completed application with correct remittance to the IEEE Computer Society, 10662 Los Vaqueros Circle, Los Alamitos, CA 90720.
Publications of the Computer Society

**NEW IN 1981!**

**COMPUTER**

*FAULT-TOLERANT COMPUTING*

Tutorial and survey papers covering the entire range of hardware and software design and application. Most issues focus on a single major theme. Other regular features include conference and workshop reports, book reviews, calls for papers, new products, and new applications. (monthly)

Subscription included in basic membership dues.

**MICRO**

Aimed at the practicing bench engineer. Combines articles on application software, hardware design, new technical developments, and microcomputer standards with regular departments covering new products, book reviews, and professional calendar. (quarterly)

Member sub. fee: $8/year

**Computer Graphics and Applications**

A forum for designers and users in all computer graphic application areas. Presents the latest information on computer graphics technology and application; addresses such topics as display technology, computer-aided design, computer-aided manufacturing, business data graphics, human factors in graphics system design, and distributed graphics techniques. (quarterly)

Member sub. fee: $8/year

---

**IEEE TRANSACTIONS ON COMPUTERS**

The oldest and most respected scientific journal in the field of computer engineering, features state-of-the-art research and design papers in all areas of computation and information processing. (monthly)

Member sub. fee: $8/year

**IEEE TRANSACTIONS ON SOFTWARE ENGINEERING**

One of the most popular journals published by the IEEE — and the only scientific journal devoted to this vital area. Features archival research papers on all aspects of the specification, development, management, test, maintenance, and documentation of computer software. (bimonthly)

Member sub. fee: $6/year

**IEEE TRANSACTIONS ON PATTERN ANALYSIS AND MACHINE INTELLIGENCE**

The fastest growing journal published by IEEE — already recognized as the flagship publication in this important and growing area. (bimonthly)

Member sub. fee: $6/year

Schedule of fees

Important: Pay the FULL-YEAR rate if your application is postmarked before February 28, 1981. Pay the HALF-YEAR rate if your application is postmarked between March 1, 1981 and August 31, 1981. Membership and publications expire December 31, 1981.

• a non-IEEE member who wishes to join the Computer Society only
  □ $28.00 □ $14.00
• an IEEE member who wishes to join the Computer Society
  □ $8.00 □ $4.00
• a non-IEEE member who wishes to join both IEEE and the Computer Society*
  □ $73.00 □ $41.00

PUBLICATION OPTIONS

If, in addition to your automatic subscription to Computer Magazine, you would also like to receive:

• IEEE Computer Graphics & Applications (3061)
  □ $8.00 □ $4.00
• IEEE MICRO (3071)
  □ $8.00 □ $4.00
• Transactions on Computers (1161)
  □ $8.00 □ $4.00
• Transactions on Software Engineering (1171)
  □ $6.00 □ $3.00
• Transactions on Pattern Analysis and Machine Intelligence (1351)
  □ $6.00 □ $3.00
• Journal of Solid State Circuits (4101)
  □ $4.00 □ $2.00
• Journal of Oceanic Engineering (4201)
  □ $4.00 □ $2.00
• Proceedings of the IEEE (5011)
  □ $12.00 □ $6.00

*IEEE dues include a one-time entrance assessment of $10, plus annual regional assessments of $12 for Regions 1-6 and $7 for Regions 7 and 8. Members in Regions 9-10 can deduct $6 from full-year rates, $2.50 from half-year rates. Members in Regions 9 and 10 may deduct $12 from full-year rates, $6 from half-year rates. ACM members who both join the IEEE and the Computer Society may deduct $5 from full-year rates, $2.50 from half-year rates.

Hardcopy bulk air option for members in Regions 8-10: Western Europe, Latin America (including Mexico), and the Far East

Add the following amount(s) for two-week delivery for Computer, IEEE Computer Graphics & Applications, and IEEE MICRO, and two to six-week delivery for Transactions.

Western Europe Full Year Half Year
Computer
$17.00 $11.00
IEEE Computer Graphics & Applications
$4.50 $2.25
IEEE MICRO
$4.50 $2.25
Transactions on Computers
$13.50 $6.75
Transactions on Software Engineering
$6.50 $3.25
Transactions on Pattern Analysis and Machine Intelligence
$9.50 $4.75
Journal of Oceanic Engineering
$3.00 $1.50
Journal of Solid State Circuits
$13.50 $6.75
Proceedings of the IEEE
$21.00 $10.50

“Western Europe” includes Albania, Austria, Belgium, Bulgaria, Cyprus, Czechoslovakia, Denmark, Finland, France, East Germany, West Germany, Gibraltar, Greece, Greenland, Holland, Hungary, Iceland, Ireland, Italy, Liechtenstein, Luxembourg, Malta, Monaco, Norway, Poland, Portugal (and Azores), Rumania, Spain (and Canary Islands), Sweden, Switzerland, Turkey, United Kingdom, USSR, and Yugoslavia. “All other areas” includes all other countries outside the U.S., Canada, and Mexico.

Use the numbers to identify your plant activity and your own work. If more than one activity is involved, use the code number for the most prevalent. Note: If you select “other” for work and plant code or “other personnel” for job function code, be sure to explain on the lines provided.

WORK AND PLANT (Enter codes)

Plant
1. Large computers
2. Minicomputers
3. Microcomputers
4. Computer peripheral equipment
5. Data processing systems (system integration)
6. Office and business machines
7. Test, measurement, and instrumentation equipment
8. Communications systems and equipment
9. Navigation and guidance systems and equipment
10. Consumer entertainment electronic equipment
11. Consumer electronic appliances
12. Other consumer electronics
13. Industrial controls, systems, and equipment
14. Components and subassemblies
15. Materials and hardware
16. Aircraft, missiles, space and ground support equipment
17. Oceanography and support equipment
18. Medical electronics
19. Industrial companies within OEM incorporating electronics equipment in their end product, not elsewhere classified
20. Independent research, test, and design laboratory and consultant (only if you are not connected with a manufacturing company)
21. Government agency and military
22. Industrial companies using and/or incorporating any electronic products in their manufacturing, research, or development activities
23. Communication (radio, TV, police)
24. Transportation services (airline, railroads, etc.)
25. Computer and data processing services: service bureaus, software services, timesharing, consulting
26. All other commercial users
27. Power generation equipment manufacturer
28. Power production (atomic, electrical, etc.)
29. Power generation
30. Power transmission
31. Power distribution
32. Utilities, except power (telephone, telegraph, pipelines, etc.)
33. Distributor
34. School, university, or library
35. Others (explain)

JOB FUNCTIONS (Enter code)

1. General and corporate management
2. Design and development engineering (circuits, components, equipment, systems)
3. Engineering services (evaluation, quality control, reliability standards, test)
4. Basic research
5. Manufacturing and production
6. Engineering support (draftsmen, lab assistant, technician)
7. Purchasing and procurement
8. Marketing, including sales
9. Computer systems/operations
10. Engineering systems planning and design (utilities)
11. Operations including construction and maintenance (utilities)
12. Dean, professor, instructor, etc.
13. Student
14. Other personnel (explain)

JOB CATEGORY (Enter code)

1. Management
2. Engineering
