THE TOTAL EXHIBIT EXPERIENCE . . . .

The IEEE Computer Society and IEEE Communications Society, professional membership associations with a combined membership of over 80,000 members, cordially invites you and your organization to exhibit at the first annual joint conference of our societies, INFOCOM '82. This conference is the forerunner of other INFOCOM meetings and will be held in the Space Center at the Sahara Hotel in Las Vegas, Nevada, from March 30 through April 1, 1982.

The focus of INFOCOM '82 will be on both the exhibits and technical sessions. Many of the members of both the IEEE Computer Society and IEEE Communications Society have expressed a strong desire to convene a jointly-sponsored event such as INFOCOM '82. Not only have these members expressed a keen interest in having a strong technical program, but they have also requested that exhibits be included with the conference. INFOCOM '82 will meet these needs by making provision for the display of the many innovative state-of-the-art products that are currently available to this burgeoning profession.

By exhibiting at INFOCOM '82 in Las Vegas, you will be given the opportunity to expose your products, services, equipment, publications, and ideas, to one of the leading groups of decision-makers in the field of computer and communications technology.

Due to the tremendous demand for prime exhibit space at INFOCOM '82 in Las Vegas, you are urged to complete the exhibit application on the next page at the earliest opportunity to avoid disappointment.

Make your plans now to join us at INFOCOM '82 and be a part of this total exhibit experience !!!!

WE WILL ASSIST YOU IN MAKING THE MOST OF YOUR EXHIBIT OPPORTUNITY . . . .

- A complete INFOCOM '82 registration list, complete with the names and addresses of all registrants, will be provided free of charge to all exhibitors shortly after the show.

- Opportunities will be provided during the exposition to hold sales meetings, product demonstrations, receptions, and meal functions.

- A listing in the INFOCOM '82 Exhibit Guide will include a descriptive account of your products and the names of your exhibit personnel. Most of your prospective customers will be using the INFOCOM '82 Exhibit Guide throughout the year as a product directory.

- Prior to the INFOCOM '82 meeting, we will be mailing you a special INFOCOM '82 newsletter that will greatly help you to maximize and capitalize upon your exhibit opportunity by providing your organization with advance publicity.

- The INFOCOM '82 conference program and the location of the exhibits are designed to maximize attendance and walk-through within the exhibit area.

AND MUCH, MUCH MORE . . .
