If you design computer hardware, software, systems... 
if you use computers in your work... 
if you need to know where computer technology is today and where it is likely to be five years from now... you need the IEEE Computer Society.

- automatic subscription to COMPUTER
- price discounts on over 350 conference proceedings and tutorial texts
- price discounts on over 40 conferences and tutorials per year
- opportunity to participate in local chapter activities (over 80 chapters worldwide)

SPECIAL INTRODUCTORY OFFER:

Join now and receive a free copy of either one of the following:

Selected Reprints in Software—selected papers from COMPUTER, (252 pp.)
Regular nonmember price: $12.00

1. To receive free publication, MAIL COMPLETED APPLICATION (next page) with remittance to THE IEEE COMPUTER SOCIETY, 10862 Los Vaqueros Circle, Los Alamitos, CA 90720.
2. Supplies are limited. We reserve the right to substitute publications.
3. Offer does not apply to student member applicants.

Use the numbers to identify your plant activity and your own work. If more than one activity is involved, use the code number for the most prevalent. Note: If you select "other" for work and plant code or "other personnel" for job function code, be sure to explain on the lines provided.

WORK AND PLANT (Enter codes)

Plant _____ Your own work

1. Large computer
2. Minicomputer
3. Microcomputer
4. Computer peripheral equipment
5. Data processing systems (system integration)
6. Office and business machines
7. Test, measurement, and instrumentation equipment
8. Communications systems and equipment
9. Navigation and guidance systems and equipment
10. Consumer entertainment electronic equipment
11. Consumer electronic appliances
12. Other consumer electronics
13. Industrial controls, systems, and equipment
14. Components and subassemblies
15. Materials and hardware
16. Aircraft, missiles, space and ground support equipment
17. Oceanography and support equipment
18. Medical electronics
19. Industrial companies within OEM incorporating electronics equipment in their end product, not elsewhere classified
20. Independent research, test, and design laboratory and consultant (only if you are not connected with a mfg, co.)
21. Government agency and military
22. Industrial companies using and/or incorporating any electronic products in their manufacturing, research, or development activities
23. Communication (radio, TV, police)
24. Transportation services (airline, railroads, etc.)
25. Computer and data processing services: service bureaus, software services, timesharing, consulting
26. All other commercial users
27. Power generation equipment, manufacturer
28. Power production (atomic, elec., etc.)
29. Power generation
30. Power transmission
31. Power distribution
32. Utilities, except power (telephone, telegraph, pipelines, etc.)
33. Distributor
34. School, university, or library
35. Others (explain)

JOB FUNCTIONS (Enter code)

1. General and corporate management
2. Design and development engineering (circuits, components, equip. systems)
3. Engineering services evaluation (quality control, reliability standards, tests)
4. Member of Technical Staff (MTS)
5. Basic research
6. Manufacturing and production
7. Engineering support (draftsmen, lab assistant, technician)
8. Purchasing and procurement
9. Marketing, including sales
10. Computer systems operation
11. Engineering systems planning and design (utilities)
12. Operations including construction and maintenance (utilities)
13. Consulting
14. Other "EE's"
15. Other engineers (explain)
16. Dean, professor, instructor, etc.
17. Student
18. Other personnel (explain)

JOB CATEGORY (Enter code)

1. Management other than engineering
2. Engineering management
3. Engineering

Important: Pay the FULL-YEAR rate if your application is postmarked between September 1, 1981 and February 28, 1982. Pay the HALF-YEAR rate if your application is postmarked between March 1, 1982 and August 31, 1982. Membership and publications expire December 31.

- a non-IEEE member who wishes to join the Computer Society only ....... $14.00 $28.00
- an IEEE member who wishes to join the Computer Society ....... $4.00 $8.00
- a non-IEEE member who wishes to join the IEEE and the Computer Society ....... $44.00 $78.00

PUBLICATION OPTIONS

If, in addition to your automatic subscription to COMPUTER Magazine, you would also like to receive:

-IEEE Computer Graphics & Applications (3061) ....... $6.00 $12.00
-IEEE Micro (3071) ....... $4.00 $8.00
-Transactions on Computers (1161) ....... $4.00 $8.00
-Transactions on Software Engineering (1171) ....... $3.00 $6.00
-Transactions on Pattern Analysis and Machine Intelligence (1351) ....... $3.00 $6.00
-Journal of Solid State Circuits (4101) ....... $2.50 $5.00
-Journal of Oceanic Engineering (4201) ....... $2.00 $4.00
-Proceedings of the IEEE (5011)

Total amount remitted with this application:

(Make checks or money orders payable to IEEE. Mail to the IEEE Computer Society, 10662 Los Vaqueros Circle, Los Alamitos, CA 90720.)

IEEE members in Region 7 (Canada) and 8 (Western Europe and the Middle East) may deduct $6 from members rates, $3 from half-year rates. IEEE members in Regions 9, 10 and 11 may deduct $13 from full-year rates, $6.50 from half-year rates. ACM members who join both the IEEE and the Computer Society may deduct $5 from full-year rates, $2.50 from half-year rates.

Hardcopy bulk air option for members in Regions 8-10: Western Europe, Latin America (including Mexico), and the Far East.

Add the following amount(s) for two-week delivery for COMPUTER, IEEE Computer Graphics & Applications, and IEEE Micro, and two- to six-week delivery for Transactions.

Publications of the Computer Society

**COMPUTER**

Tutorial and survey papers covering the entire range of hardware and software design and application. Most issues focus on a single major theme. Other regular features include conference and workshop reports, book reviews, calls for papers, new products, and new applications. (monthly)

Subscription included in basic membership dues.

**MICRO**

Aimed at the practicing bench engineer. Combines articles on application software, hardware design, new technical developments, and microcomputer standards with regular departments covering new products, book reviews, and professional calendar. (quarterly)

Member sub. fee: $8/year

**IEEE TRANSACTIONS ON COMPUTER ENGINEERING**

The oldest and most respected scientific journal in the field of computer engineering, features state-of-the-art research and design papers in all areas of computation and information processing. (monthly)

Member sub. fee: $8/year

**IEEE TRANSACTIONS ON SOFTWARE ENGINEERING**

One of the most popular journals published by the IEEE — and the only scientific journal devoted to this vital area. Features archival research papers on all aspects of the specification, development, management, test, maintenance, and documentation of computer software. (bimonthly)

Member sub. fee: $6/year

**IEEE TRANSACTIONS ON PATTERN ANALYSIS AND MACHINE INTELLIGENCE**

The fastest growing journal published by IEEE — already recognized as the flagship publication in this important and growing area. (bimonthly)

Member sub. fee: $6/year
