SOFTWARE ENGINEERS NATION-WIDE OPPORTUNITIES

The demand for talented Software Engineers continues to grow. New opportunities arrive daily throughout the country. If your present situation isn’t providing the technical challenge that you require, or if your career path is blocked for any reason, please contact Reardon Associates for a complete, confidential exploration of alternative opportunities.

Current openings exist for individuals with experience in the following areas:

- Operating Systems Design
- Networking
- Computer Architecture
- Diagnostics
- Interactive Graphics
- Compiler Design
- Peripherals Interfaces
- Language Development
- CAD/CAM
- Data Communications

If you are interested in exploring these career openings, call Dan Meagher, (617) 329-2660, or forward a copy of your resume to him. All inquiries will be answered within 48 hours and will be treated with complete confidentiality.
