

# ANOTHER GOOD REASON TO JOIN ACM: COMPUTING SURVEYS

Nearly two-thirds of our members subscribe to *Computing Surveys* because it's the best tutorial and survey publication in the field. In this age of specialization, it becomes more and more difficult for the computing professional, experienced or novice, to keep up with major developments. *Computing Surveys* fills in the gaps, providing in-depth tutorials on the state-of-the-art in emerging areas of our rapidly expanding field. *Computing Surveys* contains comprehensive articles with broadly based appeal. As a member you can subscribe to *Computing Surveys* for only \$10 while nonmembers pay \$40. So for \$50 you can join ACM, receive

our monthly flagship publication *Communications of the ACM*, and also receive *Computing Surveys*.

**Mail in this application and you'll receive free, as a bonus, our 152 page special issue of *Computing Surveys* on Database Management Systems, which sells separately for \$12.00.**

Just fill in your name and address. Circle the appropriate dues and rates for any additional subscriptions or Special Interest Group memberships (SIG membership includes a Newsletter subscription). Add all your circled amounts and enter this amount in the TOTAL box.
