Papers and panel proposals are being solicited for the Seventh International Conference on Computer Software and Applications—COMPSAC 83. Sponsored by the IEEE Computer Society, COMPSAC 83 will bring together computer practitioners, users, and researchers to share their ideas, experiences, and requirements for applications software, management techniques, and software development support.

Papers and panel session proposals relating to the following areas are invited:

- Software tools
- Human factors
- Software development workstations
- Rapid prototyping
- Software requirements engineering
- Software development methodologies
- Software life-cycle models
- Software experiences and practices
- Software management
- ADA, UNIX, and LISP environments
- Mini/micro software
- Office Automation
- Software testing and verification
- Software technology initiative
- Data base technology
- Software performance and modeling
- Reliability and maintainability
- Software metrics and measures
- Expert systems
- Fault-tolerant design
- Computer graphics software
- Real time software development
- Distributed computer system software

The following areas will be especially emphasized.

- Design automation and robotics
- Quality Assurance
- Telecommunications

INFORMATION FOR AUTHORS

Submit 5 copies of the paper (double-spaced). Papers should range in length between 1000 and 5000 words. The first page of each paper must include the following information: title and a maximum 150-word abstract of the paper; all of the authors' names, affiliations, complete mailing addresses, and telephone numbers; a statement of commitment that one of the authors will present the paper at COMPSAC 83 in case of acceptance of the paper. A paper lacking any of the above information will not be considered by the Program Committee for inclusion in the Conference program.

DEADLINES

- April 1, 1983 for receiving panel proposals.
- May 2, 1983 for receiving all papers.
- July 7, 1983 authors notified of acceptance.
- September 1, 1983 camera-ready copies of accepted papers due.

Submit papers to:
Nicholas L. Marselos
Western Electric Co. Inc.
Network Software Center
Department 6001
2600 Warrenville Road
Lisle, IL  60532 USA
Phone: (312) 260-4860

For additional information Contact the General Chairman:
C. V. Ramamoorthy
Department of Electrical Engineering & Computer Science
University of California
Berkeley, California  94720 USA
Phone: (415) 642-4751
