CALL FOR PAPERS

Call for papers for Computer

Computer magazine seeks articles that cover the state of the art and important new developments in computer science, technology, and applications. Aimed at a broad audience with diverse interests and experiences, Computer usually publishes surveys or tutorials that facilitate the transfer of technology from university to industry, from research to applications, and across specialized fields. Submit six copies of the manuscript, including illustrations, references, and authors' biographies, to:

- Bruce Shriver
  IBM T.J. Watson Research Center
  Route 134
  PO Box 704, H0-B04A
  Yorktown Heights, NY 10598
  (914) 789-7626
  Commpmail: b.shriver@ibm.com
  Vnet: shriver at yktvih

Computer also seeks articles on topics relevant to upcoming special issues. Submit six copies of the manuscript directly to the relevant guest editor:

- Integrated Design and Programming Environments: Articles for complementary issues of Computer and IEEE Software are due March 1, 1987. Submit survey and tutorial articles, intended for publication in Computer, to David Notkin, Dept. of Computer Science, FR-35, University of Washington, Seattle, WA 98195; CSnet, Notkin@Washington; phone, (206) 545-3798. Submit more specialized articles and research reports, intended for publication in IEEE Software, to Peter Henderson, Computer Science Dept., SUNY, Stony Brook, NY 11794-4400; CSnet, PBH@SUNY-SBCS; phone, (516) 246-8618.

- Standards: Material is also sought for the "Standards" department. For details regarding scope and length, contact the department editor: Helen M. Wood, National Bureau of Standards, B154 Technology, Gaithersburg, MD 20899; (301) 975-3240.

Lastly, Computer seeks special-issue proposals and articles in the following topic areas:

- optical computing,
- electronic publishing and technology,
- the European computer industry,
- fabrication and packaging technologies,
- noncoded information,
- computer-integrated manufacturing,
- technology transfer process,
- computers in consumer electronics, automobiles, etc.,
- design and implementation of large-scale systems, and
- engineering and scientific workstations.

Prospective guest editors and authors should submit proposals and articles directly to Bruce Shriver.

1987 Design Automation Conference (ASME): September 27-30, 1987, Boston. Submit five copies of the manuscript by March 1, 1987, to S.S. Rao, School of Mechanical Engineering, Purdue University, West Lafayette, IN 47907; (317) 494-5699.

11th Symposium on Computer Applications in Medical Care: November 1-4, 1987, Washington, DC. Submit papers by March 6, 1987, to SCAMC Secretariat, George Washington University Medical Center, Office of Continuing Medical Education, 2300 K St. NW, Washington, DC 20037.

AAAI Workshop on Spatial Reasoning and Multisensor Fusion: October 5-7, 1987, St. Charles, Illinois. Submit three copies of an extended abstract or a full-length paper before March 15, 1987, to Su-shing Chen, Dept. of Computer Science, University of North Carolina, Charlotte, NC 28223 or Avi Kak, Robot Vision Lab, Electrical Engineering Bldg., Box 121, Purdue University, West Lafayette, IN 47907.

CCDC-87, Computer Communication for Developing Countries: October 27-30, 1987, New Delhi, India. Submit four copies of papers (3000 to 8000 words long) by March 15, 1987, to S. Ramani, National Centre for Software Technology, Gulmohar Cross Rd., No. 9, Juhu, Bombay 400049, India; phone 629574 or 629606.

International Conference on Supercomputing (IFIP, SIAM): June 8-12, 1987, Athens. Submit five copies of the paper by March 15, 1987, to Elias Houstis, Dept. of Computer Science, Purdue University, West Lafayette, IN 47907 (authors in the Americas) or T. Papathodorou, Computer Technology Institute, PO Box 1122, 26110 Patras, Greece (authors in other areas).

CASE-87, First International Workshop on Computer-Aided Software Engineering: May 27-29, 1987, Cambridge, Massachusetts. Submit paper on IBM PC or Macintosh format diskette by March 18, 1987, to Elliot Chikofsky, Index Technology, 101 Main St., Cambridge, MA 02142; (617) 491-2100, ext. 552.

Eighth Annual International Conference on Information Systems (ACM, SIM): December 6-9, 1987, Pittsburgh. Submit four copies of
February 1987

CSC-87, 1987 ACM Computer Science Conference, February 17-19, St. Louis. Contact Arlan DeKock, University of Missouri-Rolla, Computer Science Dept., Rolla, MO 65401; (314) 341-4491.

18th Annual SIGCSE Technical Symposium (ACM), February 19-20, St. Louis. Contact Dan C. St. Clair, UMR Graduate Engineering Center, University of Missouri-Rolla, 8001 Natural Bridge Rd., St. Louis, MO 63121-4499; (314) 535-5440.

Workshop on Distributed Information Systems: Networks and Applications (IEEE), February 23, Washington, DC. Contact IEEE Workshop, 12498 Fan Leaf Court, Fairfax, VA 22033; or D. McDysan, (703) 734-2263; or B. Jabbari, (301) 428-5660.

March 1987

20th Annual Simulation Symposium (ACM, IMACS, SCS), March 11-13, Tampa, Florida. Contact James Gaunt, 5986 Dana Dr., Norcross, GA 30093; (404) 894-3107.

19th Southeastern Symposium on Systems Theory, March 15-17, Clemson, South Carolina. Contact Ernest Baxa, Jr., Electrical and Computer Engineering Dept., Riggs Hall, Clemson University, Clemson, SC 29634-0915; (803) 656-5900.

Tutorial Week Orlando 87, March 16-20, Kissimmee, Florida. Contact Ratan Kumar Guha, Computer Science Dept., University of Central Florida, Orlando, FL 32816; (305) 275-2341.

Southcon (IEEE), March 24-26, Atlanta. Contact Electronic Conventions Management, 8110 Airport Blvd., Los Angeles, CA 90045; (213) 772-2965.

IEEE Infocom 87, Sixth Annual Joint Conference of the IEEE Computer and Communications Societies: Global Networks - Concept to Realization, March 30-April 2, San Francisco. Contact IEEE Infocom 87, 1730 Massachusetts Ave. NW, Washington, DC 20036-1903; (202) 371-0101; telex 7108250437 IEEECOMPSO.

Ninth IEEE International Conference on Software Engineering (ACM), March 30-April 2, Monterey, California. Contact William Riddle, Software Design and Analysis, 1760 Bear Mountain Dr., Boulder, CO 80303; (303) 499-4782.

April 1987

CHI-87, Conference on Human Factors in Computing Systems/GI-87, Graphics Interface (ACM, CIPS), April 5-9, Toronto. Contact William Buxton or Ron Baecker, University of Toronto, Computer Systems Research Institute, Toronto, Ontario M5S 1A4, Canada.

Electro 87 and Mini/Micro Northeast (IEEE), April 7-9, New York. Contact Dale Litherland, Electro and Mini/Micro, 8110 Airport Blvd., Los Angeles, CA 90045-3194; (213) 772-2965.
