IEEE Letters of the Computer Society (LOCS) is a rigorously peer-reviewed forum for rapid publication of brief articles describing high-impact results in all areas of interest to the IEEE Computer Society.

Topics include, but are not limited to:
- software engineering and design;
- information technology;
- software for IoT, embedded, and cyberphysical systems;
- cybersecurity and secure computing;
- autonomous systems;
- machine intelligence;
- parallel and distributed software and algorithms;
- programming environments and languages;
- computer graphics and visualization;
- services computing;
- databases and data-intensive computing;
- cloud computing and enterprise systems;
- hardware and software test technology.

EDITOR IN CHIEF
Darrell Long - University of California, Santa Cruz

ASSOCIATE EDITORS
Dan Feng, Huazhong University of Science and Technology
Gary Crider - Los Alamos National Laboratory
Kanchi Gopinath - Indian Institute of Science (IISc), Bangalore
Katia Obrazcka - University of California, Santa Cruz
Thomas Johannes Emil Schwarz - Marquette University
Marc Shapiro - Sorbonne-Université-LIP6 & Inria
Kwang Mong Sim - Shenzhen University
