The articles in *IT Professional* are the result of hard work by many people. We deeply appreciate the efforts of everyone who reviewed the many articles submitted to the magazine last year. The peer review process helps continue to increase the magazine’s high standard of quality. All of us in the IT community owe gratitude to people who participate in this crucial service. We also acknowledge the contributions of our 2016 guest editors who shaped and compiled our themes issues. Those who would like to serve as reviewers for *IT Professional* are welcome to contact the editor in chief, San Murugesan, at itpro@computer.org.

—*IT Professional*’s editorial board and staff.
