Stop fooling around. It's time to get hardcore about software. With Microsoft.

We'll give you all the resources you want. Tens of millions in R&D funding. Along with one of the most elementary tools for thinking—a door, which leads to your own private office. All backed by management that truly *does* speak your language, because they probably helped write it.

We're serious about software design. If you are, too, then apply right now for one of these opportunities.

**Software Design Engineers**

We're working on everything from compilers, operating systems, and networking to sophisticated graphics, powerful productivity software and more. You could be, too, if you have programming experience and a background that includes micros, "C", 8086, UNIX*/XENIX®, or MS-DOS®.

There are opportunities to work with our teams in systems, applications, or languages.

If you qualify, Microsoft offers you an opportunity to live and work where the quality of life is high and the cost of living is low—the beautiful Pacific Northwest. Along with amenities such as a health club membership, workout facilities and parcours, plus an array of benefits.

To apply, please send your résumé in confidence to:

Human Resources, Dept. HC/SW-487/EEEM, MICROSOFT CORPORATION, 16011 N.E. 36th Way, P.O. Box 97017, Redmond, WA 98073-9717. We are an equal opportunity employer. And no phone calls, please. If we like what we see, we'll call you.
