Ken Sakamura is an associate professor in the Department of Information Science at the University of Tokyo. He initiated the TRON project in 1984. Under his leadership, several universities and over 50 manufacturers are now participating in the project. In addition to his involvement with TRON, Sakamura chairs several committees of the Japan Electronics Industry Development Association and the Information Processing Society of Japan. He has written numerous technical papers and books. He received the BS, ME, and PhD degrees in electrical engineering from Keio University at Yokohama in 1974, 1976, and 1979, respectively.

Questions about this article can be directed to Sakamura at the Department of Information Science, Faculty of Science, University of Tokyo, 7-3-1 Hongo, Bunkyo-ku, Tokyo 113, Japan.
