Pervasive Computing Revisited

Guest Editors’ Introduction: Pervasive Computing Revisited
Maria R. Ebling and Roy Want

Cyber Foraging: Fifteen Years Later
Rajesh Krishna Balan and Jason Flinn

Powering Pervasive Computing Systems
Shwetak N. Patel and Joshua R. Smith

The Privacy Landscape of Pervasive Computing
Jason Hong

Pervasive Data Science
Nigel Davies and Sarah Clinch

Features

An Interactive Telecare System Enhanced with IoT Technology
Shih-Jung Wu, Rui-Dong Chiang, Shih-Hao Chang, and Wei-Ting Chang

“It’s Natural to Grab and Pull”: Retrieving Content from Large Displays Using Mid-Air Gestures
Ville Mäkelä, Jobin James, Tuuli Keskinen, Jaakko Hakulinen, and Markku Turunen

Reuse Rights and Reprint Permissions: Educational or personal use of this material is permitted without fee, provided such use: 1) is not made for profit; 2) includes this notice and a full citation to the original work on the first page of the copy; and 3) does not imply IEEE endorsement of any third-party products or services. Authors and their companies are permitted to post the accepted version of their IEEE-copyrighted material on their own web servers without permission, provided that the IEEE copyright notice and a full citation to the original work appear on the first screen of the posted copy. An accepted manuscript is a version that has been revised by the author to incorporate review suggestions, but not the published version with copyediting, proofreading, and formatting added by IEEE. For more information, please go to: www.ieee.org/publications_standards/publications/rights/paperversionpolicy.html.

87 How to Reach Us

Submissions: Access the IEEE Computer Society’s Web-based system, Manuscript Central, at https://mc.manuscriptcentral.com/pc-cs. Be sure to select the right manuscript type when submitting. Articles must be original and should be approximately 5,000 words long, preferably not exceeding 15 references. Visit www.computer.org/pervasive for editorial guidelines.

Editorial: Unless otherwise stated, bylined articles, as well as product and service descriptions, reflect the author’s or firm’s opinion. Inclusion in IEEE Pervasive Computing does not necessarily constitute endorsement by the IEEE or the IEEE Computer Society. All submissions are subject to editing for style, clarity, and length. For more information on any computing topic, please visit our Digital Library at www.computer.org/csdl.
