IEEE Letters of the Computer Society (LOCS) is a rigorously peer-reviewed forum for rapid publication of brief articles describing high-impact results in all areas of interest to the IEEE Computer Society.

Topics include, but are not limited to:
- software engineering and design;
- information technology;
- software for IoT, embedded, and cyberphysical systems;
- cybersecurity and secure computing;
- autonomous systems;
- machine intelligence;
- parallel and distributed software and algorithms;
- programming environments and languages;
- computer graphics and visualization;
- services computing;
- databases and data-intensive computing;
- cloud computing and enterprise systems;
- hardware and software test technology.

LOCS offers open access options for authors. Learn more about IEEE open access publishing:
