
SOFTWARE ENGINEERS

JOIN THE HIGH-TECH REVOLUTION

Always the leader, Foxboro is again ahead of the field, applying sophisticated software for fourth generation systems, in a variety of industrial applications. If you're in an environment that promises projects but never delivers you'll find these ground floor opportunities in our newly established Systems Development Group to be just what you've been looking for. And at Foxboro you'll be part of a company with a long and stable tradition quite distinct from the revolving door syndrome so typical of many other companies.

Our Systems Development Group will be responsible for all aspects of Software Development in areas including Computer Products, Communication Products, Human Interface and Control Systems. These systems will be developed for fourth generation, state-of-the-art microprocessor based, distributed network, and operating work stations for Process Management and Control Systems.

We are currently seeking several Principal and Senior Software Engineers with extensive experience to do advanced development in the following areas:

- **DISTRIBUTED MULTIPROCESSING** - developing and using the latest operating systems, languages, distributed databases, and 16/32 bit micro processor machine architectures.

- **INTERACTIVE GRAPHICS** - as good if not better than any CAD/CAM house in the business.

- **DATA COMMUNICATIONS** - the most advanced i.e., PROWAY and IEEE 802 LANS, GATEWAYS, X.25, etc.

- **APPLICATIONS SOFTWARE** - configuration, optimization, plant management...

All in **REAL TIME**, adhering to ISO standards, with fault recovery and security requirements to challenge the best software engineers.

In addition to a BS or MS in Computer Science or related field, qualified candidates should have at least five years of directly related experience.

Foxboro offers competitive salaries and a full line of benefits. In addition you'll find the latest in facilities and equipment in an environment that stresses individual initiative and rewards outstanding achievement.

To respond please send your resume to Owen Harren, The Foxboro Company, Dept. IS484, 38 Neponset Avenue, Foxboro, MA 02035. Foxboro is an equal opportunity employer, M/F.
