The prime requirement for successful software

Software: Practice & Experience

Since its launch in 1970 Software: Practice & Experience has become invaluable to all who design, implement or maintain software. Contributions regularly include:
- accounts of completed software-system projects which can serve as "how-to-do-it" models for future work in the same field
- short reports on programming techniques which can be used in a wide variety of areas
- information on new types of techniques to help with the solution of programming and software-construction problems

Covering both "systems" and "applications" software for use in batch, multi-access, interactive and real-time environments, Software: Practice & Experience is the essential publication for anyone aiming to write successful software.

Readers Service Number 5

Eighth National Educational Computing Conference (ACH, ACM, ASCUE, SCS), June 23-27, Philadelphia. Contact Susan Foster, NECC 87, Office of Computing Information Services, Temple University, MS 08-22, Philadelphia, PA 19122.

Workshop on Planning a Manufacturing Information System (SME), June 24, Hartford, Conn. Contact Debbie Clark, Technical Activities Dept., Society of Manufacturing Engineers, 1 SME Dr., PO Box 930, Dearborn, MI 48121; (313) 271-1080.

SIGPlan Meeting (ACM), June 24-26, St. Paul, Minn. Contact Mark Scott Johnson, Hewlett-Packard Labs, 1501 Page Mill Rd., Palo Alto, CA.

10th Symposium on Robotics and Automation (IASTED), June 29-July 2, Lugano, Switzerland. Contact IASTED, PO Box 25, Station G, Calgary, Alta. T3A 2G1 Canada.

34th Conference on Mini- and Microcomputers (ISMM), June 29-July 2, Lugano, Switzerland. Contact IASTED, PO Box 25, Station G, Calgary, Alta. T3A 2G1 Canada.

July 1987

Workshop on Real-Time Operating Systems, July 2-3, Cambridge, Mass. Contact Al Mok, Computer Science Dept., TAY 3.1040C, University of Texas, Austin, TX 78712; (512) 471-9542.

Symposium on Directions and Implications of Advanced Computing (CPISR), July 12, Seattle. Contact Computer Professionals for Social Responsibility, Box 85481, Seattle, WA 98105; Jonathen Jacky, (206) 548-4117; Doug Schuler, (206) 783-0145.

MCC University Research Symposium (ACM), July 14-15, Austin, Texas. Contact Irwin Graham, MCC, 3500 W. Balcones Center Dr., Austin, TX 78759; (512) 338-8227.

10th World Congress of the International Federation of Automatic Control (IFAC, IFIP), July 26-31, Munich, West Germany. Contact IFAC Congress Secretariat 87, VDI/VDE-Gesellschaft, Mess- und Regelungstechnik GMR, Postfach 11-39, D-4000 Dusseldorf 1, West Germany.

August 1987

Discrete-Event Simulation Using GPSS Conference, Aug. 10-14, Ann Arbor, Mich. Contact Engineering Summer Conferences, University of Michigan, 300 Chrysler Center, North Campus, Ann Arbor, MI 48109; (313) 764-8490.

International Workshop on Petri Nets and Performance Models, Aug. 24-26, Madison, Wis. Contact Tadao Murata, Electrical Engineering and Computer Science Dept., University of Wisconsin, MC 154, PO Box 4348, Chicago, IL 60608; (312) 996-3407.

September 1987

Workshop on Planning a Manufacturing Information System (SME), Sept. 1, Grand Rapids, Mich.; Sept. 9, Anaheim, Calif. Contact Debbie Clark, Technical Activities Dept., Society of Manufacturing Engineers, 1 SME Dr., PO Box 930, Dearborn, MI 48121; (313) 271-1080.

Interact 87, Second International Conference on Human-Computer Interaction (IFIP), Sept. 1-4, Stuttgart, West Germany. Contact IFIP, 3 rue de Marche, CH-1204, Geneva, Switzerland.

VLDB 87, 13th International Conference on Very Large Databases (BCS), Sept. 1-4, Brighton, England. Contact IFIP, 3 rue de Marche, CH-1204, Geneva, Switzerland.

DECUS South America Symposium, Sept. 2-4, Sao Paulo, Brazil. Contact DECUS, 219 Boston Post Rd., Marlboro, MA 01752.
