COMPSAC 2015 will be organized as a tightly integrated union of several symposia, each of which will be focusing on a particular technical segment. Please visit www.compsac.org for full information on symposia organization.

* Symposium on Embedded & Cyber-Physical Environments
* Symposium on Software Engineering Technologies & Applications
* Symposium on Technologies and Applications of the Internet
* Symposium on Security, Privacy and Trust Computing
* Symposium on Mobile, Wearable and Ubiquitous Computing
* Symposium on Web Technologies & Data Analytics
* Symposium on Human-Machine and Aware Computing
* Symposium on Novel Applications and Technology Advances in Computing
* Symposium on Computer Education and Learning Technologies
* Symposium on IT in Practice

Authors are invited to submit original, unpublished research work and novel computer applications in full-paper format. Simultaneous submission to other publication venues is not permitted. The review and selection process for submissions is designed to identify papers that break new ground and provide substantial support for their results and conclusions as significant contributions to the field. Submissions will be selected that represent a major advancement in the subject of the symposia to which they are submitted. Authors of submissions with a limited contribution or scope may be asked to revise their submissions into a more succinct camera-ready format; e.g., a short paper, workshop paper, fast abstract, or poster.

COMPSAC 2015 will also feature a workshops program for topics closely related to the conference theme, Mobile and Cloud Systems - Challenges and Applications. Special sessions such as Fast Abstract and Industry Papers will be applicable especially for researchers and engineers who would like to present a new, early and work-in-progress ideas, method, and analysis. The Doctoral Symposium will provide a forum for doctoral students to interact with other students, faculty mentors, industry and government. Students will have the opportunity to present and discuss their research goals, methodology, and preliminary results within a constructive and international atmosphere.
