The articles in *IEEE Software* are the result of hard work by many people. We deeply appreciate the efforts of everyone who reviewed the many articles submitted to *Software* last year. The peer review process helps maintain the magazine’s revered quality. All of us in the software development community owe gratitude to people who participate in this crucial service. If you would like to contribute as a reviewer, visit www.computer.org/web/peer-review/magazines to find out how to get involved. —*Software*’s editorial board and staff
