AINA 2010 Organisation Committee

Steering Committee Chair and Founder of AINA
Makoto Takizawa, Seikei University, Japan

General Chairs
Elizabeth Chang, Curtin University of Technology, Australia
Leonard Barolli, Fukuoka Institute of Technology, Japan

Program Chairs
Wenny Rahayu, La Trobe University, Australia
Fatos Xhafa, Catalonia Polytechnical University, Spain
Mieso Denko, University of Guelph, Canada

Workshop Chairs
Farookh Hussain, Curtin University of Technology, Australia
Hui-Huang Hsu, Tamkang University, Taiwan
Markus Aleksy, BB AG Corporate Research Centre, Germany

International Liaison Chair
Yoshitaka Shibata, Iwate Prefectural University, Japan
Elhadi Shakshuki, Acadia University, Canada
Tharam Dillon, Curtin University of Technology, Australia

Award Co-Chairs
David Taniar, Monash University, Australia
Irfan Awan, University of Bradford, UK
Arjan Durresi, Indiana University-Purdue University Indianapolis, USA

Publicity Co-Chairs
Tomoya Enokido, Risho University, Japan
Muhammad Younas, Oxford Brookes University, UK
Eric Pardede, La Trobe University, Australia
Valerie Maxville, WA IEEE Computer Society

Publication Co-Chairs
Qun Jin, Waseda University, Japan
Jianhua Ma, Hosei University, Japan
Jaipal Singh, Curtin University of Technology, Australia
Program Vice Chairs

Communication Technology and Protocols
Vincent Lee, Monash University, Australia

Opportunistic and Delay Tolerant Networks
Mohammad S. Obaidat, Monmouth University, USA
Isaac Woungang, Ryerson University, Canada

Ad Hoc, Mesh and Sensor Networks
Seng Loke, La Trobe University, Australia

Dependable Systems and Autonomic Computing/Networking
Ajith Abraham, Norwegian University of Science and Technology, Norway
Raouf Boutaba, University of Waterloo, Canada

Mobile Networks and Applications
Samuel Pierre, Ecole Polytechnique de Monreal, Canada
Abderrahim Benslimane, University of Avignon, France

Pervasive/Ubiquitous Computing and Services
Agustinus Borgy Waluyo, Institute for Infocomm Research, Singapore
Jong Hyuk Park, Kyungnam University, Korea

Vehicular Networks and Applications
Salvatore Vitabile, University of Palermo, Italy
Soumaya Cherkaoui, Université de Sherbrooke, Canada

Distributed and Parallel Systems
Vipin Chaudhary, University at Buffalo, The State University of New York, USA
Andrew Flahive, Defence Science and Technology Organisation, Australia

Distributed Database and Data Mining
Takahiro Hara, Osaka University, Japan

Grid, P2P and Scalable Computing
Bernady Apduhan, Kyushu Sangyo University, Japan
Robert C. Hsu, Chung Hua University, Taiwan

Internet Computing and Web Applications
Santi Caballé, Open University of Catalonina, Spain
Ana Pont Sanjuán, Polytechnic University of Valencia, Spain

Service Oriented Architecture and Applications
Kuo-Ming Chao, Coventry University, UK
Youakim Badr, INSA-Lyon, France

Multimedia and Social Networking
Joseph Ng, Hong Kong Baptist University, Hong Kong
Madjid Merabti, Liverpool John Moores Univ., UK

Agent Systems, Intelligent Computing and Applications
Lance Fung, Murdoch University, Australia

Security, Privacy and Trust
Edgar Weippl, Vienna University of Technology, Austria

Semantics in Collaborative Systems
Ponpit Wongthongtham, Curtin University of Technology, Australia
Omar Hussain, Curtin University of Technology, Australia
