Welcome to APSEC 2005 held in Taiwan. It is our great honor and pleasure to host this significant conference at Grand Hotel, Taipei, Taiwan. APSEC has a clear mission – to congregate participants together from all fields related to software engineering, and to promote communication and collaboration among all of them.

As the Conference Chairs of APSEC 2005, we would like to express our sincere thanks to all the authors and invited speakers whose professional contributions add a great deal to the quality of this gathering. We would also like to express our gratitude to the conscientious reviewers and all members of the APSEC 2005 Program Committee. Without them, this heavy workload of reviewing could not be completed on time.

In addition, we would like to thank our sponsors: National Central University, Ministry of Education Advisory Office, Academia Sinica, Department of Industrial Technology, and Institute of Information Science Academia Sinica.

At last, we hope you find the conference stimulating and professionally rewarding.
