Foreword

ASEA 2014

Advanced Software Engineering and Its Applications are areas that attract many academic and industry professionals to research and develop. The goal of this conference is to bring together the researchers from academic and industry as well as practitioners to share ideas, problems and solutions relating to the multifaceted aspects of advanced software engineering and its applications.

We would like to express our gratitude to all of the authors of submitted papers and to all attendees, for their contributions and participation. We believe in the need for continuing this undertaking in the future.

We acknowledge the efforts of all the chairs and members of international advisory board and program committee. Special thanks go to all the sponsors of the conference.
