Research Program Committee

A. Aurum, University of New South Wales, Australia
P. Bannerman, NICTA, Australia
B. Benatallah, University of New South Wales, Australia
M. Berry, NICTA, Australia
P. Calder, Flinders University, Australia
F. Chen, NICTA, Australia
N. Churcher, University of Canterbury, New Zealand
K. Cox, NICTA, Australia
J.-S. Dong, National University of Singapore, Singapore
J. Epps, NICTA, Australia
C. Fidge, Queensland University of Technology, Australia
A. Ghose, University of Wollongong, Australia
D. Grant, Swinburne University of Technology, Australia
L. Groves, Victoria University of Wellington, New Zealand
J. Grundy, University of Auckland, New Zealand
J. Han, Swinburne University of Technology, Australia
D. Hemer, University of Adelaide, Australia
B. Henderson-Sellers, University of Technology Sydney, Australia
Y. Jin, Swinburne University of Technology, Australia
S. Karunasekera, University of Melbourne, Australia
E. Kazmierczak, University of Melbourne, Australia
K. Khan, University of Western Sydney, Australia
S.-K. Kim, University of Queensland, Australia
P. Krishnan, Bond University, Australia
S. Krishnaswamy, Monash University, Australia
D. Kuo, Manchester University, UK
M. Lau, Swinburne University of Technology, Australia
J. Liu, NICTA, Australia
S. Loke, Monash University, Australia
S. Lu, CSIRO, Australia
M. Norrish, NICTA, Australia
F. O’Brien, Central Queensland University, Australia
L. O’Brien, Software Engineering Institute, USA
K. Raymond, DSTC, Australia
S. Reeves, University of Waikato, New Zealand
G. Roy, Murdoch University, Australia
A. Sajeev, University of New England, Australia
K.-D. Schewe, Massey University, New Zealand
J.-G. Schneider, Swinburne University of Technology, Australia
M. Staples, NICTA, Australia
L. Sterling, University of Melbourne, Australia
P. Strooper, University of Queensland, Australia
E. Tempero, University of Auckland, New Zealand
R. Thomas, Queensland University of Technology, Australia
T. Torabi, La Trobe University, Australia
M. Utting, University of Waikato, New Zealand
R. van Glabbeek, NICTA, Australia
Y. Yang, Swinburne University of Technology, Australia
H. Zhang, RMIT, Australia
Z. Zhou, University of Wollongong, Australia
D. Zowghi, University of Technology Sydney, Australia
