The paper selected for the ATS 2002 Best Paper Award as an agreement of the committee members is:

**Integrated Test Scheduling, Test Parallelization and TAM Design**

*by Erik Larsson, Klas Arvidsson, Hideo Fujiwara and Zebo Peng*

The candidates for the honor of the ATS’02 held on November 18-20, 2002, in Guam, USA are initially selected based on the numerical ratings of the reviewers and attendees, as recorded on the review forms and the session rating cards. Then the candidate papers as published in the proceedings and the validity of these rating are carefully checked by ATS 2002 Best Paper Award selection committee members to decide the above paper.

The committee members are listed below.
- Shi yi Xu, Shanghai Univ., PR China
- Xiaoqing Wen, Syntest, USA (when ATS 2002)
- Hiromi Hiraishi, Kyoto Sangyo Univ., Japan
- Hideo Tamamoto, Akita Univ., Japan
- Kiyoshi Furuya, Chuo Univ., Japan
