Message from SustainCom Chairs
SustainCom 2014

Welcome to the Fourth International Conference on Sustainable Computing and Communications (SustainCom2014), Sydney, December 3-5, 2014. On behalf of the Organizing Committee, we would like to express to all the participants our warm welcome.

Sustainable Computing and Communications refers to principles that embrace a range of policies, procedures, programs, and attitudes that run the length and breadth of any use of information and communication technologies. It is a holistic approach that stretches from power to waste to purchasing to education and is a life-cycle management approach to the deployment of IT across an organization. It includes designing, manufacturing, using, and disposing of information and communication systems with minimal or no impact on the environment.

SustainCom (Sustainable Computing and Communications) was created to provide a prime international forum for researchers, industry practitioners and domain experts to exchange the latest fundamental advances in the state of the art and practice of Sustainable Computing and Communications as well as innovative applications.

SustainCom2014 has 20 papers accepted. Each paper was peer reviewed by at least three program committee members. The final decision has been taken after a high quality review process. We would like to express our sincere gratitude to the Program Chairs, the Program Vice Chairs, and Program Committee members, for their effective work and great effort. We also appreciate a lot the cooperation, guidance, and help from the General Chairs, the Steering Committee, the Publicity Chairs, the Advisory Committee, the Finance Chair, and the Local Chair. The support from IEEE Computer Society, Technical Committee on Scalable Computing (TCSC), is also greatly appreciated.

Finally, we thank you for contributing to and/or participating in SustainCom2014, and hope you find it a stimulating and exciting forum and at the same time enjoy the beautiful Sydney, Australia.

Chadi Aoun, University of Technology, Sydney, Australia
Anirban Mahanti, NICTA, Australia
Danilo Ardagna, Politecnico di Milano, Italy
SustainCom 2014 Program Chairs

Ishfaq Ahmad, The University of Texas at Arlington, USA
Mohammad S. Obaidat, Monmouth University, USA
M (Palani) Palaniswami, University of Melbourne, Australia
SustainCom 2014 General Chairs

Laurence T. Yang, St. Francis Xavier University, Canada
Jinjun Chen, University of Technology Sydney, Australia
SustainCom 2014 Steering Chairs
