Preface

The papers in this volume were accepted for presentation at the 19th Annual IEEE Conference on Computational Complexity held from June 21-24 in Amherst, Massachusetts. The conference was sponsored by the IEEE Computer Society, in cooperation with the ACM Special Interest Group on Algorithms and Computation Theory.

The call for papers sought original papers in all areas of computational complexity. The program committee selected 30 papers from 71 submitted papers.

The program committee thanks Joseph Kilian of NEC Laboratories and the Institute for Advanced Study in Princeton, NJ for writing, administering and supporting the electronics submission server.

The program committee would also like to thank the following people for their help in reviewing papers: Scott Aaronson, Andris Ambainis, Dave Bacon, Steve Cook, Rod Downey, Anna Gal, Oded Goldreich, Martin Grohe, Sean Hallgren, Lane Hemaspaandra, Neil Immerman, Valentine Kabanets, Alexei Kitaev, Ashwin Nayak, Rolf Niedermeier, Holger Petersen, Toni Pitassi, Charles Rackoff, Ran Raz, Alexander Razborov, Ken Regan, Mike Saks, Rainer Schuler, Leonard Schulman, Nathan Segerlind, Yaoyun Shi, Peter Shor, Mayur Thakur, Jacobo Toran, Alasdair Urquhart, Wim van Dam, and John Watrous.
