CCCM 2008

CCCM 2008 in conjunction with International Symposium on Electronic Commerce and Security (ISECS 2008) will be held in Guangzhou, China, 4-5 August, 2008. We cordially invite you to attend the 2008 ISECS International Colloquium on Computing, Communication, Control, and Management (CCCM 2008), which will be held on August, 2008 in Guangzhou, China. Just like the name of the Colloquium, the theme for this conference is Advancing Computing, Communication, Control, and Management Technologies.

Welcome to CCCM 2008. Welcome to Guangzhou, China, 4-5 August 2008. ISECS International Colloquium on Computing, Communication, Control, and Management is co-sponsored by Engineering Technology Press, Hong Kong, Guangdong University of Business Studies, China, Peoples’ Friendship University of Russia, Russia, Central South University, China, Southwestern University of Finance & Economics, China, and University of Amsterdam, Netherlands. It is also co-sponsored IEEE Technology Management Council, IEEE Computer Society, and Intelligent Information Technology Application Research Institute. Much work went into preparing a program of high quality. We received about 972 submissions. Every paper was reviewed by 3 program committee members, about 382 were selected as regular papers, representing a 39 % acceptance rate for regular papers.

The purpose of CCCM 2008 is to bring together researchers and practitioners from academia, industry, and government to exchange their research ideas and results and to discuss the state of the art in the areas of the symposium. In addition, the participants of the Symposium will have a chance to hear from renowned keynote speakers IEEE & IET Fellow Prof. Chin-Chen Chang from National Chung Hsing University, Taiwan, Associate Editor, IEEE Transactions on Systems, Man & Cybernetics, Part C, Prof. Ben K.M. Sim from Chinese University of Hong Kong, Hong Kong, and IEEE Fellow Prof. Ben M. Chen at the National University of Singapore, Singapore.

We thank Mr. Thomas Baldwin, the mangers of IEEE Computer Society Press, USA, who enthusiastically support our symposium. Thanks also go to Mr. Patrick Kellenberger for his wonderful editorial service to this proceeding.

We would like to thank the program chairs, organization staff, and the members of the program committees for their hard work. Special thanks go to Prof. Charles Rubenstein from IEEE Technology Management Council.

We hope that CCCM 2008 will be successful and enjoyable to all participants. We look forward to seeing all of you next year at the CCCM 2009.
