Message from the IUCC 2015 Steering Chairs

Welcome to the 14th IEEE International Conference on Ubiquitous Computing and Communications (IUCC 2015). It is our great pleasure and honor to hold IUCC 2015 in Liverpool, UK, October 26–28, 2015. On behalf of the IUCC steering committee, we would like to express our cordial welcome and highest respect to all the participants.

Ubiquitous Computing and Communications is a revolutionary paradigm that aims to provide pervasive and reliable computing solutions and communication services anytime and anywhere. The 14th IEEE International Conference on Ubiquitous Computing and Communications (IUCC 2015) is in a series of highly successful international events, previously held as IUCC 2014 (Chengdu, China, December 2014), IUCC 2013 (Melbourne, Australia, July 2013), IUCC 2012 (Liverpool UK, June 2012), IUCC 2011 (Dalian, China, August 2011), PMEO-UCNS 2010 (Atlanta, USA, April 2010), PMEO-UCNS 2009 (Rome, Italy, May 2009), PMEO-UCNS 2008 (Miami, USA, April 2008), PMEO-PDS 2007 (Long Beach, USA, March 2007), PMEO-PDS 2006 (Rhodes Island, Greece, April 2006), PMEO-PDS 2005 (Denver, USA, April 2005), PMEO-PDS 2004 (Santa Fe, USA, April 2004), PMEO-PDS 2003 (Nice, France, April 2003), PMEO-PDS 2002 (Fort Lauderdale, USA, April 2002).

An international conference cannot be organized without the support and great voluntary efforts of many people and organizations and our main responsibility is to coordinate the various tasks carried out with other willing and talented volunteers. We would like to thank the General Chairs, Richard Hill (University of Derby, UK), Jia Hu (Liverpool Hope University, UK), and Qun Jin (Waseda University, Japan), for very successful organization of IUCC 2015. We would like to express our special thanks to the Program Chairs, Nektarios Georgalas (British Telecom, UK), Xiaolong Jin (Chinese Academy of Sciences, China), and Beniamino Di Martino (Second University of Naples, Italy), for making the excellent technical program. We would like to greatly appreciate the Workshop/Symposium Chairs, Ahmed Y. Al-Dubai (Edinburgh Napier University, UK), Xuewen Gong (Huawei Technologies, China), Samia Loucif (Alhos University, UAE), and Lei (Chris) Liu (Shandong University, China), for organizing excellent IUCC 2015 workshops/symposia. We also thank all chairs and committee members of the IUCC 2015 workshops/symposia. Without workshops/symposia, we could not successfully organize IUCC 2015.

Finally, we also would like to take this opportunity to thank all of the members of the organizing committee and technical program committee as well as all of the authors who submitted papers and the reviewers who reviewed huge number of papers.

Geyong Min, University of Exeter, UK
Laurence T. Yang, St Francis Xavier University, Canada

Steering Chairs of IUCC 2015
