DATE 2000

Conference and Exhibition: March 27-31, 2000
Le Palais des Congres
Paris, France
Call for Participation

Scope of the Event

DATE is the European event bringing together researchers, designers and vendors in the field of electronic systems design engineering.

Major Features of the Event

The event will feature many components that provide a stimulating environment for communication between participants. The regular paper presentations, plenary invited papers, panels, hot-topic sessions, tutorials, user forum, fringe meetings, poster sessions, university booth, user group meetings, social events, hands-on tutorials, vendor presentations and the commercial exhibition will combine a wide range of opportunities to meet and exchange information on relevant issues for the design and test community.

Areas of Interest

Within the scope of the conference the main areas of interest are: design methods and experiences, CAD languages, algorithms and tools, testing of electronic products and user experiences.

Submission of Papers

Papers have to be submitted before September 15th, 1999 to:
