

2017 IEEE/ACM 1st International Workshop on Design and Innovation in Software Engineering (DISE 2017)

Table of Contents

Message from DISE 2017 Workshop Chairs.....	vi
DISE 2017 Program Committee	viii
ICSE 2017 Sponsors and Benefactors	ix
DISE 2017 Workshop Summary	1
<i>Ahmed Seffah, Birgit Penzenstadler, Carina Alves, and Xin Peng</i> — <i>Lappeenranta University of Technology; California State University, Long Beach;</i> <i>Federal University of Pernambuco; Fudan University</i>	
Paper Session 1: You Said Software Design and Innovation?	
Why This Workshop?	
A Proposal of Practices, Processes and Models That Enable Innovation Potential.....	2
<i>Dan Matheson</i> — <i>RWTH Aachen University</i>	
Identifying Design Features Using Combination of Requirements Elicitation Techniques	6
<i>Latha Karthigaa Murugesan, Rashina Hoda, and Zoran Salcic</i> — <i>University of Auckland</i>	
How to Apply Human-Centered Design Process (HCDP) to Software Development Process?	13
<i>Shin'ichi Fukuzumi, Natsuko Noda, and Yukiko Tanikawa</i> — <i>NEC Corporation; Shibaura Institute of Technology</i>	
Author Index	17
