Citation Information

Citations for papers in these proceedings (or for the proceedings themselves) should follow the examples below. These examples provide complete information that would be most helpful to a reader or librarian trying to find the proceedings or a paper therein. Some citation styles omit parts of this information.

Example for citing a particular paper:

For citing the entire proceedings:

Note: The publisher is the IEEE Computer Society, whose address is Los Alamitos, CA. The publication year is 2011. The conference date is 27 June-30 June 2011.
